q09_comments Smaller light industrial businesses without pollution potential. Support for the already stirring work for the meeting and greeting off the cruise ships and the Invergordon off the wall etc and signs off the A9 to tell potential tourists of these great attractions as at the moment only Invergordon Ind Est is given any prominence. Possibly paint some of the old oil storage containers to brighten up the Tomich access approach. I have directed tourists from the Broomhill lay by to the town if a ship was in or even told them about the town itself and they were keen to go. Broomhill crofters and their animals suffered concern from the old Smelter and its consequences.

Maybe more emphasis should be placed on educating the public on the three RE's and add a fourth RE-EDUCATE.
