

Item 7 – Question Time

Response – to Mr David Bremner

In response to your question –

The purpose of Ward Business Meetings is for Members to meet with Officers to be briefed on and discuss local and relevant strategic issues.

I feel it is essential for the effective running of the Council that Members and Officers have the opportunity to explore and discuss issues openly in an informal setting.

We, as Members, may take the opportunity to brief the press as a ward group, or individually, after Ward Business Meetings, on relevant business.
