

## **BT Payphone Consultation Highland Council Area**

BT is proposing to remove 194 payphones from the network in Highland. The increase in mobile phone ownership has resulted in halving the number of calls made from payphones in the last three years. BT therefore believes that there is a need for them to re-examine payphone provision.

Under Ofcom Regulations the Local Authority has the responsibility of consulting with the local community on these proposals. The timescales have been set down by BT and are governed by Ofcom Regulations and are as follows:

- The Council will receive responses on the consultation up until **30<sup>th</sup> May**.
- The Council will then publish initial responses received on its website on **4<sup>th</sup> of June** at which point the public will have a further month to respond.
- **Final responses must be received by 4<sup>th</sup> July.**

*It is important to note that BT requires evidence and justification for any objection to the removal of a call box.*

All responses to the consultation should be passed in writing to:

Alison Clark  
Policy Officer  
Chief Executive's Office  
The Highland Council  
Glenurquhart Road  
Inverness

Alison.clark@highland.gov.uk

The following payphones have been proposed for removal by BT. They have been organised by Highland Council Ward.

***Aird and Loch Ness***

<b>Highland Council Ward</b>	<b>Telephone Number</b>	<b>Address</b>	<b>Post Code</b>
