Sewage Treatment Works	205	230
Waste Management Facilities	206	231

Natural, Built & Cultural Heritage Features

The Background Maps set out the locations and information about these different features in so far as they have been mapped digitally on our system. However, similar features identified by the Council as being present at the time a proposal is considered, will still be subject to protection under Policy 4.

A full definition of all of these features can be found in the Written Statement of the Plan.

Consultation Areas & Physical Constraints

Details of the Consultation Areas and Physical Constraints relevant to other plan policies - are also shown in this section.

* Features not currently mapped for area
