

Objectives

- To secure road improvements where a network deficiency created or worsened.
- To secure exceptional siting and design quality.
- To take account of the following development factors: road safety issues in terms of inadequate footway provision; high quality of built heritage including listed buildings; and, the relatively high quality and active use of croft land.

Site Allocations

Site Ref.	Site Area	Location	Indicative Capacity	Developer Requirements
MU	0.3 ha	West Duirinish – Traditional Barns	-	Acceptable Uses - business & tourism. Exceptional siting and design quality, maximise sensitive conversion opportunities.
