q09\_agree\_with\_preferredoption no  
 q09\_comments We don't need any more 'dirty industry' such as incineration but will welcome cleaner growth options. We need to build on our tourist industry and embrace our full capability. It would be nice to see a large supermarket i.e. Asda here.

q25a\_agree\_with\_preferredoption no

q25a\_comments Energy from waste is harmful to human health and is not sustainable. We can not keep plundering the earth for resources and then burning it to then plunder again and burn and plunder etc The earth can not sustain this attack. We need to focus on the 3 R's and target manufacturers - If we can't recycle it, they shouldn't make it! Government should be taking action now to make it illegal for manufacturers to use non recycable material.
