 at the time of the production of this Local Plan.

Position in Settlement Hierarchy	Local Centre
2007 Estimated Population	196
Housing Completions 2000-2006	9
Primary School Capacity (roll/physical capacity)	68%
Water Capacity (allocations versus capacity)	deficiency
Sewerage Capacity (allocations versus capacity)	deficiency

Objectives

- To bolster Dornie's role as a local housing, tourist and employment centre.
- To safeguard its attractive loch side setting.
- To address a particular shortage of affordable housing in the village.
- To address the possible closure of Graham House and the consequent need for sheltered housing and day care facilities.
- To take account of the following development factors: the attractive outlook over Loch Long which is part of a SAC; the prominence of development from the key A87 tourist route; the high quality of local in bye croft land; the limited capacity of the spine access road; and the location on the edge of the Kintail NSA.
- To secure either mains foul drainage or drainage to land.
- To retain native woodland.

Site Allocations

Site Ref.	Site Area	Location	Indicative Capacity	Developer Requirements
MU	0.5 ha	Graham House	5 units	Access to be taken from NE frontage, exceptional siting and design quality given NSA edge location, closure of existing access for any redevelopment proposal, safeguard Francis Street Woodland.
AH	2.5 ha	Carr Brae	35 units	Suitable foul and surface water drainage arrangements, phased development of the site, playpark provision, tree screening along the western boundary, path to village, retain access to LT site, ensure preservation of the Dunan in the south west corner of the site.
C	1.0 ha	Carr Brae Day Care Provision	-	To provide day care centre and 8 sheltered housing units, sensitive siting and design to preserve the setting of the Loch Long Black Houses in the south west part of the site.
LT	2.1 ha	Land north of Carr Brae	-	Access to be taken through AH. Not to be developed within the Plan period. Presumption against piecemeal development that will prejudice future access layout options.
