What is the Plus One Scheme?

The Plus One scheme allows a person with high support needs to apply for a card which will give them greater access to a range of events and education, culture & sports venues. The card will be valid in participating venues to gain free access for their carers. The cardholder will pay the normal rate of entry for themselves.

Who can apply?

To obtain a Plus One card you must meet the following criteria:

- Be a permanent resident in the Highland Council area
- Be over 8 years of age
- Be unable to access education, culture and sports facilities or venues without the assistance of a carer or attendant for reasons of:
 - Sensory impairment
 - Physical impairment or frailty
 - Learning disability
 - Mental health problems

Please note that not all people with the above disabilities require the assistance of a carer or attendant. The Scheme only applies to those who do require such assistance.

Automatic entry to scheme will be given on proof of any of the following:

- NEC card with the plus one logo;
- In receipt of higher rate care component;
- In receipt of middle rate care component;
- In receipt of attendance allowance; or
- Registered blind.

When there is no automatic entry your application shall be submitted to the Social Work Offices, Kinmylies Building, whereby the Carefirst database shall be accessed to assess your entry to scheme. Or you may wish to ask your doctor or medical professional to provide authorisation for you to receive a card upon submission of the completed and signed Certificate of Eligibility form, which is available from all service points.

Lost Cards

If you lose your Plus One card, a replacement may be obtained from any Highland Council Service Point by completing the application form and submission of a passport-type photograph.
