Subject: Objection to Highland wide plan

Dear Sir/Madam,

I wish to object most strongly to the proposed plan. It will destroy the environment and community of Nairn as it presently exists. Why is 80% population growth proposed for Nairn to say nothing of the proposed new Towns of Whitnesh and Tornagrain? Why do we have to go back to the failed new town thinking of the last millennium. It is time for Highland Council to listen to people and not developers. Growth yes but not on this massive scale. Why has such a plan that discriminates against this area with too much development been allowed to get this far any way?

The plan needs a serious rethink. What about the rest of the Highlands, aren't they worthy of development too? The present proposals for the A96 Inverness Nairn corridor are reckless to say the least.
