

### Confident Individuals

- Provide opportunities for children to excel and be creative within areas of expressive arts.
- Through the study of this period of history gain a greater sense of their own views/ stance on historical issues related to WW2
- Through the study of the "Holocaust" children will be able to gain a sense of respect for others and gain a sense of value in their own identity as individuals

### Effective Contributors

- Contribute to the life of the school through both imaginative writing and functional writing based around the topic
- Share work with peers, other classes and the wider school to inform them of this significant period in Scottish history.
- In all curricular areas adopt an enterprising attitude and experiment with a variety of roles to complete given tasks

**Curriculum for  
Excellence  
P7  
World War 2  
Learning Outcomes**

### Successful Learners

- Use technology to organise research and present findings both individually and in group situations
- Begin to understand the importance of communicating well with people from other backgrounds/ cultures to avoid and prejudice attitudes
- Through a series of drama lessons based around the "Home-front", strengthen skills in combining movement, mime and voice and learn to independently express their views
- Furthermore, children will be provided with opportunities to express themselves through strengthening skills in Art and Music.
- Become aware of the huge scientific advancements since the end of the war and the impact these have had on society.
- Provide own opinion in debate situations and begin to back up thoughts with historical evidence
- Make connections across different kinds of learning

### Responsible Citizens

- Listen and respond to the thoughts and feelings of others when working collaboratively and presenting views.
- Make informed choices about their individual views on Historical issues in relation to WW2 and Judaism study.
- Become more aware of the impact that stereotyping can have on society.
- Develop a greater understanding/ respect of a different culture/ set of beliefs to their own.
- Begin to appreciate the impact of scientific developments in the last 60 years and how these have and will continue to impact society.
