Carer needed for Ewan, with some 'vavavoom'

Ewan is eight years old. He needs another family to look after him. His short stay foster carer loves seeing him make progress. Can you build on this? Ewan finds it hard to communicate with people.

Ewan likes cars, computers, horse riding and swimming. He is rewarding to care for and he does need structure, lots of attention, as well as love. Ewan needs his own room.

Social Work Services can pay **£350 a week for his foster care.**

If you have room in your life as well as your home contact
