

██████	I don't think option 1 because it would be quite dangerous because an 18 year old could hurt a 3 year old.
██████	Option 2 sounds good and reasonable and Option 3 sounds superhoneyicetea!
██████	I would like it if the schools were done up like in option 2.
██████	Option 2 because I would like the schools done up.
██████	I would choose option 2 because I think that it would be better having 2 different academies and 2 different primaries.
██████	Option 2 would be nicer and better.
██████	I think option 2 is the best idea because I am just about to move into Invergordon Academy. I also think Invergordon and Alness need their separate schools. I like the primary idea in this option as the primary schools will come together as one.
██████	I would choose option 2 because it would be good to have a big school in Alness and a big school in Invergordon.
██████	I would like option 2 because it would be nice to have a choice of what academy you want to go to.
██████	Option 2 is better because I don't want to be with Alness Academy. Option 3 is bad because there will be a riot.
██████	I would pick option 2 because I like things that way.
██████	Option 2 is better because P7s have more people to go up to the academy with so they won't be so nervous.
██████	Option 1 is not great because there will more bullying going on, different behaviour and people being awful to wee ones. Option 2 is better but I don't like any of them.
██████	I think Option 2 is best because I like them the way that they are but it would be nice for the academy to be done up.
██████	I would choose option 1 because it would be good for everyone to be all together.
██████	I think number 2 because I don't really want things to change.
██████	I don't like option 3 because it would be a hassle with the parents getting in and out of school and people will argue as well. Option 2 is good because is would be better to have different schools.
██████	All the P7s will know each other if option 2 is picked. I don't like Alness Academy.
██████	Option 1 because people get to see their brothers and sisters.
██████	I think Option 2 is the best
██████	Option 2 is better because it would be nice for the people in primary and secondary.
██████	Option 3 is best because you can meet more people.
