

The Highland Council: Scheduled Watercourse Maintenance Works - Complete October/November 2014

Works Number	Watercourse Name	Location	Date Works Carried Out	Description of Works
270	River Peffrey	A834, east of Cricket Ground	01/10/2014	Sediment build up within culvert to be removed as it is causing a partial obstruction to flow.). This cannot take place until June at the earliest due to fish spawning
275	Mill Burn Trib1	Stevenson Road, Wester Inshes	08/10/2014	Culvert inlet is partially blocked with stones and gravel build up as well as vegetation growth (20%). Inlet area to be cleared within 5m of culvert headwall.
283	Scretan Burn	Caulfield Road North	12/11/2014	Excessive woody debris and dead vegetation immediately upstream of screen is causing the screen to regularly blind. All dead vegetation and woody debris within 10m upstream of screen to be removed from site.
292	Skiach Burn	Opposite Ardnish, Swordale Road, Evanton	07/11/2014	Channel area immediately upstream of culvert is partially blocked by gravel and sediment build up. Gravel/sediment to be removed up to a maximum 10m from culvert inlet screen.
302	Drumsmittal Burn	By footpath leading north from Oakleigh Road	16/10/2014	Debris including large stones, metal sheet, tyres, woody debris and other litter is located within the watercourse causing partial blockage of the watercourse and increased flood risk to downstream properties.
306	River Conon	Flood defense embankment, by former fish processing factory, Conon Bridge	20/11/2014	Flap valve on pipe outlet through flood embankment has broken. Replacement is required. Re-inspection identified that flap valve has now broken off completely, therefore increasing priority of repair.
307	Mill Burn	To rear of Millburn Court	06/11/2014	Tree has fallen into watercourse and has blocked one of the two channels. Blockage to be removed from watercourse and placed above potential high flow area.
309	Avoch Burn	Bridge Street	09/10/2014	Old metal field gate is located in the burn at the culvert inlet. Gate is forming a partial blockage and is now catching debris. Remove gate and debris from watercourse.
314	Alness Mill Lade	North Side of Redwoods Nursing Home, Alness	15/10/2014	Build up of woody debris and silt has caused a significant blockage of the culvert inlet.
315	Alness Mill Lade	North Side of Redwoods Nursing Home, Alness	15/10/2014	Build up of woody debris and silt has caused a significant blockage of the culvert inlet and within the culvert.
316	Auchtercairn Burn	Rear of depot, Gairloch	16/10/2014	Some leafy and woody debris to be cleared from culvert inlet.
317	Auchtercairn Burn	A832 road, Gairloch	16/10/2014	Some leafy and woody debris to be cleared from culvert inlet.
318	Golspie Tower Burn	Macleod House, Old Bank Road, Golspie	03/11/2014	Old wooden door which had previously been used as a bridge has broken and is causing a partial blockage of the watercourse. The item may also be washed down to cause a blockage at the downstream culvert inlet screen. Old door and snagged debris to be removed from watercourse.
320	Culloden Burn South	Keppoch Road	14/10/2014	Woody debris and litter to be removed from culvert inlet. Sediment to be removed from inlet and outlet area.
321	Smithton Burn	Codfather, Woodside	14/10/2014	Branch wedged at culvert inlet causing a build up of debris. To be removed.
322	Smithton Burn	27, 27A, 29 Murray Place	14/10/2014	Substantial deposition of sediment and cobbles required to be cleared as it is blocking the culvert outlet.
323	Culloden Burn East	Above Balloch Farm, Culloden	08/10/2014	Screen blocked completely by gravel and sand. Overflow down through trees and field to Barn Church Road. Excavator required to clear screen.
324	Tower Burn	Caulfield Road North	14/10/2014	Clearance required behind screen due to having filled up with gravel and completely blocked screen. Flow over the top of the screen kept within banks.
325	Culloden Burn West	Culloden Centre	14/10/2014	Screen 60% blocked by woody debris and gravel. To be cleared.
326	Dell Burn	Tesco Inshes	14/10/2014	Screen blinded with debris. Screen to be cleared.
328	Tower Burn	Rowan Drive	14/10/2014	Debris to top of metal posts. Requires clearing.
329	Culloden Burn West	Culloden Wood	14/10/2014	Debris to top of metal posts. Requires clearing.
333	West Terrace Burn	West Terrace, Kingussie	07/11/2014	Culvert inlet partially blocked with sediment and cobbles.
335	Ault na Skiah	Castle Heather Park by B8082	23/10/2014	Trash screen blinded
339	Ardival Burn	Strathpeffer	25/11/2014	Clearance of sediment and debris from sump in front of trash screen.
340	Smithton Burn	27, 27A, 29 Murray Place	06/11/2014	Substantial deposition of sediment and cobbles required to be cleared as it is blocking the culvert outlet.
