Development Site 1 Kyle of Lochalsh

2.1 Address / Description of Site

2.4 Suggested Use/s Car parking

2.6 How soon can the site be developed? Within 5 years

2.8 How will you or the developer of the site resolve any issues selected in question 2.7? The key disadvantage in Kyle is the lack of parking. HC needs to address this as the lack of parking means visitors cannot find anywhere to park, holding back any kind of growth and development.

In the shorter term all day parking in the village centre should be deterred and height restrictions should be put on the park outside the Information Centre and toilets.

Solve the issue of parking in Kyle and the village could be developed to become a major asset to Skye and Lochalsh
