4.1 How do you want the West Highland and Islands area to change over the next 10–20 years? I want them to improve the roads. You could do this by using the expertise of people out there. Make it more welcoming for to visitors as that is what Skye survives on.

4.2 What do you think are the best, existing assets and characteristics of the area? Think of your favourite landscapes, settlements, journeys, events and meeting places. Too many to mention.

4.4 How can these assets and characteristics best be safeguarded, improved or used to provide economic or community growth? Council money better spent on matters that really matter and brings tourists to our beautiful island.
