**From:** West Highlands and Islands Local Development Plan  
**Subject:** FW: West Highland and Islands Local Development Plan [#252]

**Section 1: Your personal and contact details** Charles Culbertson

**1.1 Name \***

**1.2 Are you? \*** a member of the public

**Select a topic to comment on** Tell us your vision for the area

**4.1 How do you want the West Highland and Islands area to change over the next 10–20 years?** Before implementing planning schemes and new developments some thought should be given to the current infrastructure. Currently in the WHI there are insufficient broadband speeds, Water connections are an issue in some parts as well. Provide a decent service before you start burdening an already archaic and in some instances crumbling infrastructure.

**4.4 How can these assets and characteristics best be safeguarded, improved or used to provide economic or community growth?** Folk move into the areas like ours because of its natural beauty the last thing we need is streetlighting. planning should be focussing more on what the current population requires and then working from that to plan for the future.
