1.2 Are you? * a member of the public

Protection Site 1
3.1 Address / Description of Land The whole area from Armadale to Teangue (other than what has been agreed already at Kilbeg)

3.4 Why should the land be protected? Why do we have to destroy everything we like about Sleat – the moon, the stars, the view of the old Castle – the rural community.

4.1 How do you want the West Highland and Islands area to change over the next 10–20 years? Better public transport. Busses and ferries which connect and wait for each other. Trains to Inverness which get in at a reasonable time and are heated. Flights from Breacais Airport to be reinstated. A cycle path from Armadale to Broadford to Kyleakin, connecting sections of the old road.

4.2 What do you think are the best, existing assets and characteristics of the area? Think of your favourite landscapes, settlements, journeys, events and meeting places. The moon and the stars and the Milky Way, etc. Countryside with sheep and cows in the fields and lambs in the spring. Wildlife in the country and migrating birds on the trees. Eagles and sea eagles and buzzards.

4.4 How can these assets and characteristics best be safeguarded, improved or used to provide economic or community growth? By not having any concentrated development and definitely definitely definitely NO street-lights.
