Protection Site 1 East Slea

3.1 Address / Description of Land

3.4 Why should the land be protected? It is an area of scenic beauty. We do not want the light pollution development would bring. The amenities, (local surgery) can barely cope now let alone cope with further population. The road from Armadale to Broadford is like a race track during the tourist season and very busy with ferry traffic, further development would increase this. The Kilbeg scheme will add enough problems without adding more by further development.

3.8 Why should the land be protected? Because of the scenic beauty and wildlife in the area.
