3.4 Why should the land be protected?

Roads leaving the main road are single track and local residents would like that to remain to preserve the rural area we have chosen to live in. Comments locally have been made saying that the very popular Sleat area is almost becoming over developed. Recent houses built have been very different from the traditional houses. Sleat, the Garden of Skye should be ring fenced and made a conservation area to protect this very beautiful, unique area in Skye. Local residents feel very strongly about this. It is a very special place to live and also for the tourist industry and needs to be protected and unspoilt. Please help us with this. Thank you.
