4.2 What do you think are the best, existing assets and characteristics of the area? Think of your favourite landscapes, settlements, journeys, events and meeting places. The ramp in Loch Pooltiel needs upgrading to allow it's use at all states of the tide. Currently launching is not possible at all during low tide. A pontoon would allow greater use of the ramp during the busy tourist season

4.3 Attach any photographs to help show us what you mean.

4.4 How can these assets and characteristics best be safeguarded, improved or used to provide economic or community growth? I believe Glendale Trust now owns the Jetty/pier area and has had a large improvement submission rejected.
The ramp and pontoon are vital for local fishermen/anglers and tourists.
