**Description  
of Land**

**3.2** Gairloch Estate and others

**Landowner's  
name (if  
known)**

**3.4 Why should the land be protected?**

It is my view that the village of Badachro is basically full up and no further development should be permitted either within the village itself or in the neighbouring area of Aird. There are several development sites for which permission has already been granted but no houses have been built which seems to me that there is no demand for any further development. In particular, there should be no development between the B8056 road and its side road on Aird and the sea. The most important site in the village is the field at the junction of the B8056 and the road to the village jetty. That site should be protected from development for all time coming.
