2.8 How will you or the developer of the site resolve any issues selected in question 2.7?

Reasons for site allocations-

Housing- More houses for people that work in Gairloch, increase in population and that can lead to more people in high school and the increase in the young population %. This housing will be detached and a small area will be flats. This way the houses blend with the original ones and there will be flats for students, encouraging them to stay in the area.

Community- New college and school pitch. This way young people wouldn't need to travel as far for further education.

Could encourage others to come from surrounding areas.

Small cinema, entertainment for tourists and residents.

Business/tourism- Tourist information centre, closer to center, more tourists. Easily accessible and easy to find so tourists can get directions and suggestions for activities easily.
