Protection Site 1	AnAird & Black Park, Fort William
3.1 Address / Description of Land	
3.4 Why should the land be protected?	AnAird– There should be no more development in this area as it would begin to feel too crowded without adequate open space. Black Park, Inverlochy– Any further development would ruin the existing free space and amenity of the village.
Protection Site 2	Castle Fields, Torlundy.
3.5 Address / Description of Land	
3.8 Why should the land be protected?	Strongly disagree with the proposals to develop here as these fields are the most agriculturally rich in the area.
4.1 How do you want the West Highland and Islands area to change over the next 10–20 years?	Fort William – tidy up the high street to improve the amenity, as it currently looks unclean and run down – paint and clean vacant buildings and remove out of date signage/posters

– adapt a colour scheme for the town, especially in the middle street which runs parallel to the main high street and the waterfront as this dual carriageway tends to be the main entrance point into the town– this area should be improved upon.
