It is the Isle of Rum Community Trust's (IRCT) objective that the final draft of their Community Land Use Plan will be adopted by The Highland Council as supplementary guidance within the West Highlands and Islands Local Development Plan.

As requested by our main contact at The Highland Council (Tim Stott):

- the plan includes a settlement/development boundary that the plan relates to, and text referring to this;
- a summary report or engagement undertaken is being submitted (with the full report to follow in due course); and

- IRCT's suggested re-drafting of the Development;

Objectives for Rum in the current adopted Local Plan is also being submitted.
