Brian

I note below the reporters' monthly progress update for November for adding to the council's website:

Reporters' Monthly Progress Update for November 2011

"Work has continued finalising the report and many of the Schedule 4 forms have been proof read and cleared for final inclusion in the report as a whole. Unfortunately, it has not been possible to meet the hoped for target of the end of November for delivery to the council. Some of the issues turned out to be more complex than anticipated in terms of the background reading needed and the evidence before them.

The reporters are now working on the final sections of the report and are optimistic of delivery to the council before Christmas."

Regards

Morag
