Subject: FW: Form from website: Crown Community Council -Request for Development Brief

Thanks for your e-mail and apologies for the slight delay in replying. As you know, we are currently starting preparation of the Inner Moray Firth Local Development Plan, and are canvassing ideas on what communities want to see happen in their area – the development of the Crown area will form part of this new Local Development Plan, and whilst we can't commit to a development brief for the area at the present time, it is something that we can discuss in the future with the Community Council. My colleague Tim Stott is leading on this project and he will put your request for a development brief on the database and get back in touch with you in due course, once the "call for sites" exercise has been completed. I want to stress this is a very early stage in the process, and we appreciate the input you are making.

If you have any further questions, please contact myself or Tim Stott on 01463 702265.

Regards

Malcolm

Subject: Form from website: Crown Community Council -Request for Development Brief

Message from: Val Falconer

Hi Stuart, At our recent meeting of the Crown Community Council we were discussing a document we had received giving information on future development for the Inner Moray Firth Area. It was agreed that we contact the director of planning and request that Highland Council compile a development brief for Crown, in particular the Hill district. If it is not your department who would arrange this, perhaps you could forward our request to the correct person or pass on my details so they can contact me. Kind regards Val Falconer Secretary Crown Community Council
