# **Planning.scot**

Scotland's ePlanning service is moving in January 2016

### www.ePlanning.scot

- New ePlanning portal
- New expanding service
- Familiar user experience
- And a secure future for the ePlanning service
- Starting 13<sup>th</sup> January 2016

### Featuring

- Online application submission
- Simple to use, consistent forms
- Swift delivery to your planning authority
- Saving you time and money every time you apply

#### What's new?

- > New location plan service
- Increased time-saving functionality for planning authorities
- Phase 1 of an expanded online service, within the new eDevelopment.scot suite
- eBuilding Standards.scot coming Summer 2016
- Single registration across new portals

### Development.scot

## Planning.scot
