REASONS WHY YOUR SITE SHOULD BE SAFEGUARDED FROM BUILDING

<p>How do the public enjoy the space - e.g. used for dog walking, children's play?</p>	<ul style="list-style-type: none">• Open space,• recreational,• informal leisure,• community woodland initiative,• Forest Schools for Muirtown, and Kinmylies Primary Schools.
<p>What makes the site more special than other areas in the village/town?</p>	<p>Natural open spaces, hillside environment, association with historical local institution (Craig Dunain Hospital). There is a new community being formed in the local area and it is removed from the rest of Inverness to a large degree by distance.</p>
<p>Does the site have attractive or rare features such as mature trees, historical significance or protected wildlife?</p>	<p>Site is adjacent to area where large number of houses will be built over coming years (Westercraigs Development, Leachkin Road Houses). The site has attractive natural features and unless protected will leave new houses blocked off from countryside by a commercial development.</p>
