## Site Forms

MR ALAN CAMERON
2B THE SQUARE, HIGH STREET
BEAULY
INVERNESS
MR ALAN CAMERON

DETAILS OF SITE SUGGES	SIED	
Site Address	9 TOMICH	BEAULY
Site/Local Name(if different from above	9 TOMICH	BEAULY
Site Size (hectares)	8.3	
Grid Reference (if known)		
Proposed Use (e.g. housing, affordable housing, employment, retail, waste, gypsy traveller, utility, community, retained public open space) Proposed Non Housing	HOUSING AFFORDABLE	OR HOUSING
Floorspace/ Number of Housing Units (if known/applicable)		
Мар	(please attach a ideally on an Or base)	a map of the site dnance Survey

the standard of the standard has been the built on fill in this		
If you wish to suggest a site that should <u>not</u> be built on, fill in this		
form		
REASONS WHY YOUR SITE SHOULD BE SAFEGUARDED FROM		
BUILDING		
How do the public		
enjoy the space -		
e.g. used for dog		
walking, children's		
play?		
What makes the site		
more special than		
other areas in the		
village/town?		
Does the site have		
attractive or rare		
features such as		
mature trees,		
historical significance		
or protected wildlife?		
or protected winding:		

Landowners, developers and/or agents wishing to suggest a site should fill in the following form <u>and</u> as much as possible of the strategic environmental assessment form (at the end of this document) which assesses the environmental effects of possible development sites.

If you wish to suggest a site that should be built on, fill in this form REASONS FOR YOUR DEVELOPMENT SITE SUGGESTION			
How can the site be serviced? (give details of proposed access, foul drainage, surface water and water supply arrangements)			
F	FORM CONTINUES BELOW		

REASONS FOR YOU	JR DEVELOPMENT SITE SUGGESTION
What are the site's constraints and how can they be resolved or reduced? (e.g. does the site flood, are there protected species present, will good farmland be lost, will the local landscape be affected, will valued trees be felled, are any other heritage features likely to be affected?)	SLIGHT FLOODING AT ROAD EDGE BUT TOLD ITS EASILY RESOLVED . NO PROTECTED SPECIES KNOWN ON SITE. LANDSCAPE NOT AFFECTED, HOUSES AROUND SITE. NO TREES ON SITE.
What benefits will result to the wider community from the site's development? (e.g. will there be more or better jobs, will the land be put to a more productive use, will the development increase infrastructure capacity for others, will more affordable houses result, is there an unmet demand for the development?)	LAND PUT TO MORE PRODUCTIVE USE, NOT BEING USED FOR ANYTHING. LAND AVAILABLE FOR AFFORDABLE HUUSING AND BELIEVE THERE IS A LOCAL DEMAND FUR THIS,
What impact will there be on travel patterns from the site's development? (e.g. will more or less people engage in active and healthy travel (walk / cycle) or go by public transport as a result of the site's development rather than travel by private car?)	SITE APPROX 1/2 KM FROM VILLAGE SO WOULD ENCOURAGE ACTIVE AND HEALTHY TRAVEL (WALK/CYCLE)
Is the site well connected? (e.g. will the average travel time to community and commercial facilities reduce or increase as a result of the site's development, is the proposed use compatible with existing / proposed surrounding uses?)	PROPOSED USE IS COMPATIBLE WITH SURROUNDINGS - HOUSES AROUND SITE AT PRESENT,
Is the site energy efficient? (e.g. will the site allow for energy efficient siting, layout, building design and local renewable energy source connection?)	NOT OPPOSED TO ANY RECOMENDATION S
What other negative impacts will the development have and how will they be resolved or offset? (e.g. will the site's development increase any form of pollution or decrease public safety?)	WOULD AIM TO RESOLVE ANY NEGATIVE IMPACTS.

## STRATEGIC ENVIRONMENTAL ASSESSMENT FORM

Landowners, developers and/or agents wishing to suggest a site should fill in as much as possible of the following form. Strategic environmental assessment of local development plan sites is now a statutory requirement and considers the possible environmental effects of development proposals. We will check your answers and fill in any gaps.

No	Issue	Detailed Explanation	Answer	Any Proposed Mitigation Measures (how will you reduce or offset the effects of your development?)
1	<ul> <li>a) Will the site</li> <li>safeguard any existing</li> <li>open space within the</li> <li>area?</li> <li>b) Will the site enable</li> <li>high quality open</li> <li>space to be provided</li> <li>within the area?</li> <li>Will the site encourage</li> </ul>	Will the site have any impact on useable public open space (such as parks, playing fields etc) or any opportunities to create additional public open space?	NO IMPACT ON PUBLIC OPEN SPACES. THERE COULD BE OPPORTUNITY TO CREATE PUBLIC SPACEON SITE. VILLAGE IS NEARBY AND	
	and enable provision for active travel (walking, cycling and public transport use)?	line distance of any community/commercial building? or will development provide a community/commercial building within walking distance of existing residential areas? - Are there opportunities to create new walking/cycling routes or improve existing routes?	FARM SHOP IS ACROSS ROAD. ALREADY IS A GOOD QUALITY PANEMENT TO VILLAGE.	
3	Does the site provide an opportunity for you to provide a financial contribution towards encouraging more sustainable travel patterns?	For example, can a subsidy to a local bus route be provided?		
۷,	Will the site involve "off site" road improvements that will contribute to road	Is the site likely to improve the local road network such as junctions or crossings?		

5	safety? Is there scope for road safety measures as part of the development of the site?	Will development incorporate on-site traffic calming measures (e.g. speed bumps) or street lighting? Will it incorporate the principles of Designing Streets available via: <u>http://www.scotland.gov.uk/Publicatio</u> ns/2010/03/22120652/0	PROBABLY.	
6	Is the site near any existing "bad neighbour" uses?	Will the site be negatively affected by any neighbouring use? (bad neighbour uses include those that affect residential property by way of fumes, vibration, noise, artificial lighting etc). Is the site affected by any of the Physical Constraints identified in the Council's Physical Constraints: Supplementary Guidance?	NO KNOWN BAD WEIGHBOUR USES" AND WOULD NOT BE AFFECTED BY ANY NEIGHBOURNG USE .	
7	Are there any contaminated land issues affecting the site?	Are you aware if the site has been previously used for industrial or any other uses likely to cause contamination?	NO CONTAMINATION ISSUES NEVER BEEN BUILT ON.	
8	a) Is the site on derelict, vacant or other land that has previously been used?	a) Has the site been identified in Scottish Government's Vacant and Derelict Land Survey (which can be found here: <u>http://scotland.gov.uk/Publications/2010/0</u> <u>1/26135819/0</u> )or has the land got an existing use?	SITE IS ON UNUSED FARMLAND ONLY BEEN USED FOR GRAZING RECENTLY	
	b) Is the site on greenfield land?	b) Will the site be located on presently undeveloped land e.g. presently or capably used for agriculture, forestry or amenity purposes?		
9	Is the site within the current settlement boundary?	Is the site within any identified settlement boundary in the Local Plan? Is it allocated for any uses?	DONT THINK SO	
10	Will the site affect the distinctiveness and special qualities of the present landscape character or affect any landscape	Does the site conform with the Landscape Capacity Assessment (if available)? Will the site result in the removal of valued landscape features or negatively affect any key views? Is it located within or would otherwise affect a	WOULDNT RESULT IN REMOVAL OF VALUE LANDSCARE FEATURES OR KEY VIEWS	

ignation? I the site affect any as with qualities of dness? (that is land ts original natural te?) If the site affect a nservation area? If the site impact on y listed building and/	National Scenic Area or Special Landscape Area, having regard to their special qualities? Are you aware if the site is inside or likely to affect an area of Wild Land? (These areas are identified on Map 3 of SNH's Policy Statement, Wildness in Scotland's Countryside) and areas of Remote Coast identified by the Council, or an area of wildness identified in the draft Wild Land Supplementary Guidance? Is the site inside or likely to affect the character of a confirmed Conservation	NO	
as with qualities of dness? (that is land ts original natural te?) If the site affect a nservation area?	to affect an area of Wild Land? (These areas are identified on Map 3 of SNH's Policy Statement, Wildness in Scotland's Countryside) and areas of Remote Coast identified by the Council, or an area of wildness identified in the draft Wild Land Supplementary Guidance? 	Area?		
its setting?	Is there a listed building or a part of the setting "area" of a listed building within the site?	NO	
Il the site affect a e identified in the ventory of Gardens d Designed ndscapes?	Is any part of the site inside the outer boundary of an Inventory "entry" or will the site affect the setting of an "entry"?	20	
Il the site affect any cally important chaeological sites entified in the storic Environment ecord?	Does the site contain any features identified in the HER? If yes, will the site affect the feature?	0 K	
ill the site impact on y Scheduled ncient) Monument d/or its setting?	or will a SAM be affected?	NO KNOWN SAM ON SITE.	
Will the site affect y natural heritage signation or area	a) Is any part of the site inside or likely to affect the designation (SAC, SPA, SSSI, NNR, Ramsar) or Local Nature Conservation Site?	NO	
st ill ynd v ys	oric Environment ord? the site impact on Scheduled cient) Monument /or its setting? Vill the site affect natural heritage	oric Environment ord?the site impact on Scheduled cient) Monument /or its setting?Is there any SAM within the site boundary or will a SAM be affected?Vill the site affect natural heritage ignation or area htified for its ortance to nature servation?Is there any SAM within the site boundary or will a SAM be affected?All Is any part of the site inside or likely to affect the designation (SAC, SPA, SSSI, NNR, Ramsar) or Local Nature Conservation Site?	oric Environment ord?Is there any SAM within the site boundary or will a SAM be affected?NO KNOWN SAM ONSITE.Scheduled cient) Monument /or its setting?Is there any SAM within the site boundary or will a SAM be affected?NO KNOWN SAM ONSITE.Vill the site affect natural heritage ignation or area ntified for its ortance to naturea) Is any part of the site inside or likely to affect the designation (SAC, SPA, SSSI, NNR, Ramsar) or Local Nature Conservation Site?NO

	habitat for the natural heritage?	b) Is any part of the site within or likely to affect non-statutory features identified as being of nature conservation importance e.g. Ancient, Semi-Natural or Long- Established Woodland Inventory sites, priority BAP habitats, habitats included on the Scottish Biodiversity List, non- designated habitats listed in Annex 1 of EC Habitats Directive?	NÖ
18	a) Will the site affect any protected species?	a) Will the site affect any European Protected Species, Badgers and species (birds, animals and plants) protected under the Wildlife and Countryside Act 1981 as amended. If such a species may be present on or near the site, a survey should be carried out to inform this assessment (for which a licence from SNH may be required)	NO PROTECTED SPECIES KNOWN ON SITE.
	b) Will the site affect any other important species for the natural heritage?	b) Will the site affect species listed in the UK and Local BAPs, the Scottish Biodiversity List and relevant annexes of the EC Habitats Directive?	NOT KNOWN ON SITE.
19	Is the site proposed to provide any form of renewable energy?	For example, will the site provide or be capable of providing a district heating system, solar panels of a wind turbine?	WOULD NOT BE OPPOSED TO RENEWABLE ENGRGY
20	Is any part of the site at risk from fluvial or coastal flooding as shown on SEPA's flood map or from local knowledge?	Are you aware of any part of the site being within the 1 in 200 year flood risk contour as identified by SEPA? (which can be found here: <u>http://www.sepa.org.uk/flooding/flood_risk</u> <u>maps/view_the_map.aspx</u> )	
21	Will development of the site result in the need for changes in land form and level? If yes, how will soil and drainage issues be addressed?	Will there by any change in rate, quantity, quality of run-off plus groundwater impact on or off site? If so, will these affect priority habitats, especially blanket bog?	
22	Is there a watercourse, loch or sea within or	Will there be any culverting, diversion or channelling of existing watercourses?	NO

×

	adjacent to the site? If yes, how will the water environment be protected from development?			
23	Will the site offer opportunities for sustainable waste management?	Will the waste produced by the site be minimised and processed close to source in a sustainable way?		
24	Can the site be connected to the public water and sewerage system?	Can the site be connected at reasonable cost? If not, what alternative is proposed?	WATER ALRGADY CONNECTED AT SITE .	
25	Will the site require alteration to the local landform?	Can the site (including access) be developed without significant re- contouring etc.? Will access tracks and parking areas have significant cut and fill?	EMPTY FICZD	
26	Will the site affect or be affected by coastal erosion or natural coastal processes?	This will be noted on any relevant shoreline management plan.	NO	
27	Is the site sheltered from the prevailing wind and does it have a principal aspect between SW and SE?	Will development make best use of the site in terms of energy efficiency?		
28	Will the site have any impact upon local air quality?	Is the site near areas of employment or close to public transport? Such developments are less likely to result in additional traffic which may contribute to air pollution.	20	
29	Will the site have an impact on light pollution levels?	Is it likely that the Council policy likely will require street lighting at this location? Are there proposals for floodlighting on the site?	EMPM FIELD	
30	a) Will it the site affect the present green network of the area?	a) Will the site affect features that currently provide for the movement of species and/or people e.g. woodland, hedgerows, field margins, watercourses, coastlines, tree belts, greenspace?	GMDTY FIGZD	

, ,	b) Will the site provide opportunities to enhance the present green network of the area?	b) Will connectively of natural features or open space and paths used for public amenity be improved? Will existing fragmentation of habitats and open spaces be improved? Will species be enabled to move where at present there is an obstacle?	EMPTY FICLI)	
	Will the site provide opportunities for people to come into contact with and appreciate nature/natural environments?	Is the site close to (within 1.5km) an opportunity to come into contact with nature/natural environments e.g. Local Nature Reserves, local greenspace, green networks? Are there proposals which will increase opportunities to come into contact with nature/natural environments?	YES	
32	a) Will the site affect any core paths or right of way?	a) Is a diversion of a core path or right of way required? Will there be any impact on the usability of a core path or right of way?	NO PATHS ON SITE	
	<ul><li>b) Will the site affect any other existing paths or outdoor access opportunities?</li><li>c) Will the allocation</li></ul>	b) Will it affect an existing path in the Highland Path Record? Will it provide additional access opportunities or adversely affect access opportunities afforded by the Land Reform (Scotland) Act 2003?	NO PATHS ON SITE	
	provide new access opportunities within the site and linking to the path network beyond the site?	c) Will new paths be created within and beyond the site? Will any existing paths be improved e.g. to increase accessibility to a wider range of users? Will the site help to realise priorities identified in the Council's outdoor access strategy or aspirational paths identified in the core path plans?	PATHS ROAD WOULD BE INCORPORATED INTO SITE	
33	Will the site have an impact on the geodiversity of the area?	Are you aware if the site lies within or adjacent to an un-notified Geological Conservation Review site or Local Geodiversity Site? (or other site with geodiversity value e.g. distinctive	NO	

		landforms, areas with natural processes, rock exposures for study?)	
34	Will soil quality and capability of the site be adversely affected?	Will the site result in a loss of soil due to development or removal of good quality soil from the site? Is the site on land identified as Prime Quality Agricultural Land?	DONT KNOW
35	Is the site on peatland?	Is the site within or functionally connected to an area of peatland? Would the allocation involve the disturbance of peat? If yes, how would impacts on peatland be avoided or minimised? Would any tree felling be required?	NO
36	Will the site have any affect on the viability of a crofting unit?	Does the site represent a significant loss of good quality inbye crofting land or common grazing land?
