Dear Kenny

I notice with interest the involvement of HIE in relation to some matters further to the minutes of the Community Council Meeting of 13th March. I was particularly interested in the Development Company concept which is such a good idea for the area and as Chairman of Highlands & Islands Enterprise I have a particular interest to ensure that any opportunities that arise in Gairloch are exploited to the full for the benefit of the overall community. You may be aware that the most recent Board Meeting of Highlands & Islands Enterprise was held in Ullapool and we had in attendance approximately 50 business from Wester Ross. The purpose of my email is merely to say that if I can be of any assistance to you please don't hesitate to communicate with me. Half my time is spent in Gairloch and my home address is:

[REDACTED]

Anything you think I can assist with please just ask.

Kind regards

Professor Lorne D Crerar
