# 1. INTRODUCTION

## 1.1 Statutory background

The Licensing (Scotland) Act 2005 (“the Act”) makes provision for regulating the sale of alcohol and licensed premises.

Section 6 of the Act requires every Licensing Board to publish, before the end of the period of 18 months after an ordinary election of councillors for local government areas, a statement of their policy in respect of the exercise of their functions under the Act during the next licensing policy period. Boards may also publish supplementary statements of policy at any point during their current licensing policy period. This current policy statement will apply from 4 November 2018 to 3 November 2023.

In preparing their licensing policy statements, Boards must seek to promote the licensing objectives as set out in Section 4 of the Act. These licensing objectives are:

1. preventing crime and disorder
2. securing public safety
3. preventing public nuisance
4. protecting and improving public health
5. protecting children from harm

Section 7 of the Act requires Boards also to include in their policy statements a statement as to the extent to which they consider there to be overprovision of (a) licensed premises or (b) licensed premises of a particular description in any locality within their areas. They may determine that the whole of the Board’s area is a “locality” for this purpose.

Scottish Government has also issued Guidance for Licensing Boards as to the exercise of their functions under the Act and this guidance has been taken into account by the Board in the preparation of this policy statement.

## 1.2 The Board’s area

The Board has responsibility for liquor licensing functions under the Act across the whole of The Highland Council area. This extends to 26,484 square kilometers – one third of the land area of Scotland.

The population living in the Board’s area is currently estimated at around 233,100. This is the seventh highest population of the 32 Licensing Board areas in Scotland.

National Records for Scotland mid-2016 figures show population by Highland settlement area approximately as follows:

Settlement	Population	Settlement	Population
Inverness	63,780	Kingussie	1,473
Fort William	10,175	Beauly	1,469
Nairn	10,022	Evanton	1,406
Thurso	7,850	Golspie	1,367
Wick	6,798	Dornoch	1,277
Alness	6,101	Brora	1,209
Dingwall	5,519	Ardersier	1,203
Invergordon	3,788	North Kessock	1,165
Tain	3,595	Drumnadrochit	1,164
Aviemore	3,324	Maryburgh	1,149
Muir of Ord	2,767	Newtonmore	1,114
Portree	2,523	Broadford	1,095
Grantown-On-Spey	2,484	Strathpeffer	1,075
Fortrose and Rosemarkie	2,306	Avoch	1,043
Conon Bridge	2,014	Halkirk	1,043
Ullapool	1,526	Seaboard Villages	1,027

The numbers of premises licensed to sell alcohol in the Board's area varies continually as existing premises close and new premises open. As at 1 June 2018 there were 371 premises licensed to sell alcohol for consumption on the premises only (on sales premises), 323 premises licensed to sell alcohol for consumption off the premises only (off sales premises), and 550 premises licensed to sell alcohol for consumption both on and off the premises (on and off sales premises).

### **1.3 The Board's responsibilities**

- Main functions

The Board is responsible for various functions under the Act, including the grant of

- Premises licences
- Personal licences
- Occasional licences
- Provisional licences
- Temporary licences
- Extensions to licensed hours
- Transfers of premises licences
- Variations to premises licences, and

A public register of licence applications pending and licences granted is available at [https://www.highland.gov.uk/info/1125/licences\\_permits\\_and\\_permissions/733/register\\_of\\_licences](https://www.highland.gov.uk/info/1125/licences_permits_and_permissions/733/register_of_licences)

The Board also has responsibility for conducting reviews of premises licence where a valid ground of review (such as a breach of licence conditions or any other ground relevant to a licensing objective) has been alleged. The Act confers powers on the Board to impose sanctions where, following a review hearing, it is satisfied that the ground is established.

The Board may also impose sanctions in respect of personal licences where the licence holder has been convicted of a relevant or foreign offence or where, either in the course of reviewing a premises licence or following receipt of a report from the Chief Constable or the Licensing Standards Officer, the Board finds that a personal licence holder has acted in a manner inconsistent with the licensing objectives. The Board is also responsible for giving notice to personal licence holders in advance of the five-yearly deadline for undertaking refresher training.

- Reporting functions

In 2017, a requirement that Boards also publish annual financial reports setting out their income and expenditure in the previous financial year also came into effect. The Board published its first financial report in June 2017 and must publish further annual reports within 3 months of the end of each financial year.

An additional requirement for Boards to publish annual functions reports setting out how they have exercised their functions in the previous financial year also came into effect in 2018. The Board published its first functions report in June 2018 and must publish further annual reports within 3 months of the end of each financial year.

The Board's annual financial and annual functions reports are available at:

[https://www.highland.gov.uk/info/1126/licences\\_-\\_alcohol/729/licensing\\_meetings\\_and\\_policies/4](https://www.highland.gov.uk/info/1126/licences_-_alcohol/729/licensing_meetings_and_policies/4)

- Delegation of decision-making

Authority to exercise functions in respect of the grant of certain licences or the making of licence review proposals has, in some circumstances, been delegated to the Clerk to the Board or to the Convener or Vice Convener or, in the absence of the Convener and Vice Convener, to individual members of the Board. The Board's Scheme of Delegation setting out the circumstances in which functions are delegated is appended to this policy statement. **(Appendix 1 – Scheme of Delegation)**

- Other responsibilities

The Board also has responsibility for certain licensing functions under the Gambling Act 2005. The Board's statement of policy in respect of the exercise of its functions under that Act is contained in a separate document available at

[https://www.highland.gov.uk/downloads/file/3665/policy\\_statement\\_2013-16](https://www.highland.gov.uk/downloads/file/3665/policy_statement_2013-16)

#### **1.4 Aim and status of this policy statement**

The aim of this policy statement is to promote consistency of decision-making and to give advance notice to applicants of the Board's likely approach to determining applications. Although there is a presumption that the Board will follow the terms of this policy statement in determining individual applications, it is open to applicants to seek the grant of applications which are contrary to the Board's policy statement. In such cases, applicants will have to demonstrate to the Board good reason why the Board's policy statement should not be followed. In particular, they will require to satisfy the Board that the decision sought will not conflict with any of the licensing objectives.

#### **1.5 Supplementary policy statements**

This policy statement indicates general policy on a variety of issues but cannot cover every eventuality. Where issues arise which are not fully covered by this statement, or where amendments to the Act or associated secondary legislation so require, the Board may issue further guidance and, subject to further consultation, may publish supplementary licensing policy statements under section 6 of the Act during the lifespan of this policy statement.

#### **1.6 Other regulatory regimes**

The Board aims to avoid duplication with other regulatory regimes and agencies. In particular, the Board may not impose conditions on licences which relate to matters (such as planning, buildings standards or food hygiene) which are regulated under other statutory powers.

#### **1.7 Pub Watch schemes**

The Board recognises and supports the effective partnership working that exists in many Highland "Pub Watch" schemes which actively supports the licensing objectives in providing safe drinking environments for customers and contributing in a meaningful way to the overall community safety in local areas.

#### **1.8 Equalities**

- The Board

The Board aims at all times to act in accordance with the public sector duties under equality legislation. The Board's Equality Strategy, which was agreed on 2 April 2013, can be accessed at

[https://www.highland.gov.uk/downloads/file/15449/equality\\_strategy\\_201317 - equality\\_outcomes\\_progress\\_report](https://www.highland.gov.uk/downloads/file/15449/equality_strategy_201317_-_equality_outcomes_progress_report)

This is subject to continuous review.

- The licensed trade

The Board also expects licence holders to address equalities issues in all aspects of the operation of their premises.

In this regard, it should be noted that since 1 April 2018 applicants for new premises licences have been required by law to include with their licence application a disabled access and facilities statement in a prescribed form. An application cannot be considered by the Board unless accompanied by a completed statement. Guidance on completion of these statements is available at:

[https://www.highland.gov.uk/downloads/file/18965/guidance\\_for\\_completing\\_a\\_disabled\\_access\\_and\\_facilities\\_statement](https://www.highland.gov.uk/downloads/file/18965/guidance_for_completing_a_disabled_access_and_facilities_statement)

### **1.9 Publication Scheme**

The Freedom of Information (Scotland) 2002 provides for a duty to be placed on Public Authorities (of which the Board is one) to publish information on the basic structure of the Board and how it is administered and details of the type of information available to the public and how it can be extracted. The Board's publication scheme, setting out this information, can be accessed at

[https://www.highland.gov.uk/info/1126/licences\\_-\\_alcohol/729/licensing\\_meetings\\_and\\_policies/4](https://www.highland.gov.uk/info/1126/licences_-_alcohol/729/licensing_meetings_and_policies/4)

## 2. POLICIES

### 2.1 Premises licence core hours

The following core hours will generally be the maximum hours permitted by the Board. **Applicants seeking earlier opening hours or later terminal hours, or seeking to open for a continuous period which exceeds 14 hours, will require to satisfy the Board that these hours are justified (see section 2.2 below) and that they will not conflict with any of the licensing objectives.**

- Off-sales

**Monday to Sunday: 1000 hours to 2200 hours**

- General on-sales premises

These are premises such as public houses, hotel bars and members' clubs which offer no significant entertainment facilities and where the consumption of alcohol is the principal activity.

**Monday to Sunday: 1100 hours to 0100 hours the following day**

- Food-led operations

These are premises at which the sale of alcohol is ancillary to the provision of food and is only sold to persons taking table meals. Early opening, generally from no earlier than **0900 hours**, will be permitted subject to any sale of alcohol before 1100 hours being restricted to sale of alcohol as an accompaniment to food.

Where such early opening is sought, the closing time sought should be such as to restrict the continuous period during which alcohol may be sold to no more than 14 hours, unless a justification for a longer continuous period of sale can be established to the Board's satisfaction.

- Late opening premises

These are premises, or parts of premises, which the Board is satisfied offer, from a certain point on certain evenings, significant entertainment facilities and where the provision of alcohol for consumption on the premises is ancillary to the significant entertainment provided. Nightclubs and discotheques may fall within this category. They may also include "hybrid" premises which operate as a general on-sales premises during the day but then offer significant entertainment from a certain point in the evening.

For the avoidance of doubt, applicants are advised that outwith the festive period (see section 2.3 below) the Board will not permit the sale of alcohol on late opening premises for a continuous period in excess of 14 hours except where the Board is satisfied that significant entertainment beyond 0100 hours will be provided. Where the Board is so satisfied, late opening will be permitted as follows:

**Monday to Wednesday: 1100 hours to 0100 hours the following day**  
**Thursday to Saturday: 1100 hours to 0300 hours the following day**  
**Sunday: 1100 hours to 0100 hours the following day**

On all nights for which the Board grants late opening (i.e. for a continuous period beginning on one day and ending after 0100 hours the following day) the Board will impose a condition requiring that the significant entertainment must be provided continuously from no later than 2200 hours until such time as alcohol ceases to be sold the following day. The sale of alcohol after 0100 hours on those nights will not be permitted unless the significant entertainment is being provided. Accordingly, where a premises does not provide significant entertainment on the nights for which late opening has been granted, it may operate only until 0100 hours on those nights. Other late opening conditions (see section 3 below) will also apply.

The Board will interpret the phrase “significant entertainment” strictly and will only grant late opening premises hours if the entertainment offered is adequately specified in the operating plan submitted with the application. The Board will require applicants to demonstrate that the entertainment proposed will not be merely ancillary to the consumption of alcohol. In particular, applicants must satisfy the Board that significant facilities within the premises will be dedicated to the provision of the entertainment. Examples would include provision of a significant dance floor area and/or a dedicated stage or performance area. Applicants should also provide evidence that forthcoming entertainment will be pre-advertised.

Where these tests are met, the Board considers that entertainment such as live music, ceilidhs, dances, discos, dinner dances and parties where a disco or band is provided may amount to significant entertainment. Activities such as pool or darts competitions, karaoke evenings, quiz nights or televised sporting events will not be accepted as significant entertainment.

Where significant entertainment is to be provided on only part of the premises, this must be clearly identified in the operating plan submitted with the application. Late opening (i.e. for a continuous period beginning on one day and ending after 0100 hours the following day) will be permitted only for the part of the premises in which the significant entertainment is to be provided.

- Distilleries and alcohol producers

Where the Board is satisfied that a distillery, or other premises where alcohol is produced, is a visitor attraction, the Board may permit on-sales at the premises **from 0900 hours** on any day, provided that such a sale is part of a formal tasting or sampling session arranged for visitors to the premises. A condition to this effect may be imposed.

- Specialist off-sales providers

The Board recognises that retail premises which are exclusively or mainly stocked with alcoholic products for sale for consumption off the premises may wish to offer tutored tasting and sampling of products on the premises for an appropriate charge.

Where the Board is satisfied that such premises specialises in off-sales of alcoholic products, the Board may permit on-sales **from 1000 hours** on any day provided that

such a sale is part of a formal tasting or sampling session. A condition to this effect may be imposed.

Licence holders are, however, encouraged not to offer free samples of alcoholic products prior to 1000 hours, whether or not as part of a formal tasting or sampling session.

Licence holders should also note that weights and measures regulations relating to the sale of certain spirits and other alcoholic products may apply. Guidance on this should be sought from The Highland Council Trading Standards service.

## **2.2 Extended hours applications for licensed premises**

Where the Board is satisfied that it is appropriate to do so in connection with a special event or occasion to be catered for on the premises or a special event of local or national significance, the Board may extend the licensed hours in respect of the premises by such period as is specified in the application or by such other period as the Board considers appropriate.

The applicant will require first to satisfy the Board that the proposed event is either (a) a special event or occasion to be catered for on the premises, or (b) a special event of local or national significance, and that the grant of extended hours will not conflict with any of the licensing objectives.

- **Special events or occasions to be catered for on the premises**

These will typically be events or occasions such as wedding receptions, birthday parties, live performances, etc. within the premises, and the Board will generally grant applications for extended hours for events or occasions of this nature unless there is good reason to refuse the application.

- **Special events of local or national significance**

Over the festive period, applications for extended hours coinciding with the festive period hours stated below will generally be granted unless, in any particular case, the Board consider that there is good reason to refuse the application. See section 2.3 for fuller details of the Board's policy on hours during the Festive Period.

In addition to the festive period, the Board has also identified the following as special events of local or national significance for which it will generally grant applications for extended hours unless, in any particular case, the Board considers that there is good reason to refuse the application.

- Halloween (31 October and the Friday and Saturday nights immediately before and after 31 October)
- Burns Night (25 January and the Friday and Saturday nights immediately before and after 25 January)
- St Andrew's Night (30 November and the Friday and Saturday nights immediately before and after 30 November)
- The National Mod (generally eight nights, Friday to Friday)
- Loopallu Music Festival, Ullapool (Friday and Saturday nights only)
- Local Highland Games
- Loch Broom Skiff Regatta (Friday and Saturday nights only)

- Scottish Six Day Trials, Lochaber (Friday and Saturday nights only)
- UCI Mountain Bike World Cup, Lochaber (Friday, Saturday and Sunday nights only)

Extended hours for other special events of local or national significance, including major sporting events taking place in the Highland area, may also be granted by the Board where it is considered that the grant will not conflict with any of the licensing objectives.

For special events of local significance only, the Board will generally permit extended hours only at premises situated within the locality of the event. This will usually be the town or village in which the event takes place.

However, for certain large events such as the National Mod, the Board may consider granting extended hours at premises in surrounding towns or villages where accommodation for attendees is being provided.

- Application requirements

Subject to section 2.3 below, extended hours for any special event will only be permitted where an application under section 68 of the Act has first been lodged with and granted by the Board in consultation with Police Scotland and the Licensing Standards Officer.

Exception to this will be made only in the case of extended hours over the festive period and only in the case of premises which have, within the “Seasonal Variations” section of their operating plan, a statement that they will open for such extended hours as the Board may agree each festive period.

In all other cases, an application under section 68 will be required. Any existing “Seasonal Variation” statement which purports to authorise extended opening hours for any special event other than the festive period will not be treated as licence to open for such extended hours.

- Hours

If granting extended hours either for special events or occasions to be catered for on the premises or for special events of local or national significance, the Board will generally permit extension to the following terminal hours unless, in any particular case, the Board considers that there is good reason not to do so.

- **Late opening premises (as defined in section 2.1)**                      **0400 hours**
- **Other on-sales premises**    **0200 hours**

Where the Board is satisfied that early opening (i.e. before 1100 hours Monday to Sunday) is justified for a particular special event, competition or occasion, and where also satisfied that early opening will not conflict with any of the licensing objectives, the Board may grant extended hours to allow such early opening. Additional conditions (for example, a condition requiring the provision of food or a condition requiring additional stewarding) may be applied to any early opening granted where the Board consider such conditions necessary and expedient in the circumstances of the special event and having regard to the location of the premises.

Extended hours which would result in alcohol being sold for a continuous period which exceeds 14 hours will generally not be granted unless the Board is satisfied that these hours are justified and will not conflict with any of the licensing objectives.

The Board also reminds applicants that the Act does not allow for a period of licensed hours which has been extended by application under section 68 to be further extended by further application under that section.

- Conditions

On granting an extended hours application, in respect of the period of extended hours the Board may vary the conditions to which the premises licence is subject if it considers it necessary or expedient for the purposes of any of the licensing objectives. In particular, where hours are extended beyond 0100 hours, the Board may add, as local conditions, such equivalent conditions to the late opening mandatory conditions as the Board considers appropriate.

- Football matches and televised sporting or other events

The Board will generally not entertain applications for early opening (i.e. before 1100 hours) for football matches. Exception may be made in the case of applications for football club premises themselves where early opening is sought to accommodate pre-match hospitality packages and the Board is satisfied that the consumption of alcohol will be ancillary to the pre-match dining and entertainment provided.

Applications for extended hours for televised sporting or other events will only be accepted by the Board as being special events to be catered for on the premises, or special events of local or national significance, where the Board considers the event being televised to be of significant local, national or international interest.

## **2.3 Festive period hours**

The Clerk to the Board, in consultation with the Convener of the Board, will fix annually the specific dates over the Christmas and New Year period between which the Board will consider applications to extend on sales licensed hours generally acceptable.

These dates will normally cover a period of approximately three weeks over the festive period. The Board will aim each year to notify the dates for the next festive period to premises and to Police Scotland prior to end August.

During each festive period, applications to extend licensed hours to the following terminal hours will generally be granted unless, in any particular case, the Board consider that there are material reasons to refuse the application:

- **Late opening premises (as defined in section 2.1) : 0400 hours**
- **Other on-sales premises : 0200 hours**

The additional conditions referred to at section 2.2 above may apply together with such other late opening conditions as the Board may consider necessary or expedient for the purposes of the licensing objectives.

Premises wishing to extend their licensed hours to these terminal hours over the festive period will require to lodge an application under section 68 of the Act requesting these hours on all or any of the dates annually agreed.

Premises which have, within the “Seasonal Variations” section of their operating plan, a statement to the effect that they will open for such extended hours as the Board may agree each festive period will not require to lodge applications for festive period terminal hours.

Premises licences which include such statements in their operating plan will, however, be subject to a condition requiring the licence holder to submit to the Board and to Police Scotland, prior to 1 December each year, notice of the dates within the festive period on which it is intended that the premises open until the festive period terminal hour for that category of premises.

The additional local conditions referred to at section 2.2 above may also apply on any nights on which the premises will be open until after 0100 hours.

A large number of applications for extended hours are received for the festive period. These cannot be determined until they have been referred by the Board to Police Scotland and to the Licensing Standards Officer who have up to 10 days in which to respond. Licence holders are therefore advised to lodge their festive hours applications by 1 December each year. **Applications received after 1 December may not be processed on time.**

## **2.4 Occasional licences**

- Who may apply?

The Board may grant occasional licences for premises (where no premises licence is in effect) where application is made by (a) the holder of a premises licence or personal licence, or (b) by a representative of a voluntary organisation.

- Application requirements

The Board encourages applicants to lodge applications for occasional licences at least 28 days before the event for which the licence is required so that the requisite notice (21 days) can be given to Police Scotland and the Licensing Standards Officer. The Board cannot guarantee that applications lodged fewer than 28 days before the event will be granted in time. While the Board has power to grant an occasional licence with less than 21 days’ notice if satisfied that the application requires to be dealt with quickly, the Board is likely to exercise this power only for unforeseen events such as funerals.

- Premises with a provisional licence – additional requirements

The Board recognises that holders of provisional premises licences are legally entitled to apply for occasional licences for the premises to which the provisional licence applies. In recent years, this mechanism has increasingly been used by provisional licence holders as a means of enabling them to open their premises for the sale of alcohol before they are ready to apply for confirmation of the provisional licence.

The Board is concerned that in circumstances where the provisional licence holder is not yet in a position to apply for confirmation, this may strongly indicate that the condition of the premises themselves is such that they are not yet suitable for use for the sale of alcohol. This in turn may raise issues of public safety for patrons frequenting the premises to consume alcohol or buy alcohol to take away.

Consequently, and in order to verify that there is no risk to public safety as a result of the condition of the premises, the Board will require any holder of a provisional licence who applies for an occasional licence for the premises to which the provisional licence applies to submit, with their application for the occasional licence, either a building standards certificate containing the information prescribed in section 50(6) of the Act, or a permission for the temporary occupation or use of the premises granted under section 21(3) of the Building (Scotland) Act 2003.

It is recognised that in all cases where an occasional licence is sought the Board must satisfy itself, amongst other things, that the condition of the premises is such that they are suitable for the sale of alcohol and that there is no risk to public safety. The Board would normally rely on Police Scotland and the Licensing Standards Officer to verify this when they are consulted on the application.

However, for the reasons given above, it is considered appropriate and reasonable that this additional form of verification (submission of a building standards certificate or a permission for temporary occupation or use) is provided by applicants in the case of premises with a provisional licence but not yet ready for confirmation of the provisional licence.

- Hours

The Board's policy is that occasional licences should normally be subject to the same opening/closing times as set out in the Board's core policy hours for general on-sales premises. These are:

**Monday to Sunday: 1100 hours to 0100 hours the following day**

Over the festive period, however, the policy hours for on-sales premises (other than Late Opening Premises) set out in the Board's festive period hours policy will be treated also as the policy hours for occasional licences on the dates identified each year by the Board. See section 2.3 above for further details.

Outwith the dates identified each year by the Board as the dates between which the festive period hours policy will apply, the Board will grant occasional licences for hours beyond its core policy hours only on cause shown in the case of exceptional special events and only where the applicant satisfies the Board that this will not conflict with any of the licensing objectives.

- Conditions

See section 3 below for details of the Mandatory and Local Conditions which the Board will apply to occasional licences.

Attention is also drawn to the new local condition introduced by this policy statement and which may be applied to occasional licences granted to holders of premises or personal licences. In addition to local condition "q(a)." (see Appendix 8), which requires that all

staff employed or engaged to sell or serve alcohol will require to have completed the licensing training prescribed in the Licensing (Training of Staff) Scotland Regulations 2007, in the case of outdoor events, the Board may now impose a further local condition, “q(b)”, requiring that a copy of the member of staff’s training record be kept on site for the duration of the occasional licence. This is intended to support all of the licensing objectives and to assist Police Scotland and the Licensing Standards Officers when carrying out licensing checks at outdoor events.

See also section 2.9 below for details of the circumstances in which the Board is likely to impose a condition on an occasional licence requiring that alcohol may only be served in cans or in plastic or polycarbonate containers. This condition is likely to be imposed at all large-scale public events in the interest of public safety.

- Voluntary organisations and best practice

In assessing whether an organisation is a voluntary organisation, the Board will have regard to the tests recommended by the Scottish Council for Voluntary Organisations. Information on these tests is available on the Board’s website and is attached at **Appendix 2.**

Voluntary organisations are reminded that the occasional licence limit provided in the Act restricts the number of occasional licences they may be granted in any 12 month period. No more than 4 licences for a period of 4 days or more and no more than 12 licences for a period of less than 4 days are permitted.

In addition, the total number of days for which occasional licences may be granted must not exceed 56 in any 12-month period. They are further reminded of the mandatory condition which applies to occasional licences granted to voluntary organisations which permits alcohol to be sold on the premises to which an occasional licence relates only at an event taking place on the premises in connection with the voluntary organisation’s activities.

In addition to imposing mandatory and local conditions, the Board encourages voluntary organisations to ensure that the group of members or volunteers who will run the bar on behalf of the organisation at the event to which the occasional licence relates is trained at least to a standard prescribed in the Licensing (Training of Staff) (Scotland) Regulations 2007. This is a minimum of two hours training, covering the following matters:

1. The legal basis of the requirement for the training of staff under paragraph 6 of schedule 3 to the Act.
2. The licensing objectives.
3. The definition of “alcohol” in the Act.
4. What constitutes an unlicensed sale.
5. The functions of Licensing Standards Officers, including their powers of entry.
6. The nature of an operating plan and its place in the licensing system.
7. The different types of premises licence conditions under section 27 of the Act.
8. Special provision for clubs under section 125 of the Act.
9. Licensed hours under Part 5 of the Act.
10. Offences under the Act, particularly those involving persons under the age of 18.
11. Proof of age under sections 102 and 108 of the Act and the Sale of Alcohol to Children and Young Persons (Scotland) Regulations 2007.

12. Test purchasing of alcohol under section 105(2) of the Act.
13. Best practice as regards standards of service and refusing service.
14. Units of alcohol and the relationship between units and the strength of different alcoholic drinks.
15. The sensible drinking limits for males and females recommended by the British Medical Association.
16. Good practice in managing conflict situations.

This training must be provided by the holder of a personal licence or a qualification accredited for the purpose of the 2007 Regulations by the Scottish Qualifications Authority. Further information on training providers can be accessed at <http://www.sqa.org.uk/sqa/66469.html>.

The Board also recognises that many voluntary organisations use occasional licences to generate funds from events. This is often on a repeat basis. The Board would encourage voluntary organisations in this position, and who regularly use most or all of their quota of occasional licences, to consider designating one or more of their members to undertake personal licence holder training and obtain a personal licence.

As a personal licence holder, this member of the voluntary organisation would then be entitled to apply for an unlimited number of occasional licences for events the voluntary organisation wishes to hold. The personal licence holder would also be able, in turn, to train the other members and volunteers who will regularly run the bar at such events.

Such best practice should ensure that regular bars run by voluntary organisations are run in accordance with the licensing objectives and to a standard on a par with standards applicable in the licensed trade.

## **2.5 Access to premises by children and young persons**

The Board may impose the following requirements in relation to access to licensed premises by children and young persons where considered appropriate.

### **General requirements**

- Children under the age of 16 must be excluded from any room where there is a bar counter after 2200 hours except during private functions or for the purpose of viewing live entertainment or where the child is in the room for the purpose of taking a meal. This will not apply to any child who is in the bar solely for the purpose of passing to or from some other part of the premises being a part to or from which there is no other convenient means of access or egress. Nor will it apply to children who are resident in the premises.
- Secondly, and subject to possible exception in the case of family and youth friendly restaurants (see below), the Board will require that whilst in any room with a bar counter all children must be in the company of, or supervised by, an appropriate responsible adult. This will not apply to children of the licence holder or children who are resident in the premises.
- Thirdly, the Board will stipulate that children must not sit or remain at the bar counter at any time.

## Requirements at family and youth-friendly restaurants

The Board recognises the growing trend in family and youth-friendly restaurants, many of which are a safe environment for children of secondary school age to enter, unaccompanied by an adult, to purchase food and soft drinks without conflicting with the licensing objective of protecting children and young persons from harm.

- At appropriate premises, the Board may therefore consider permitting children aged 12 or above to access the premises unaccompanied by an adult. However, the Board will permit this only at food-led premises which either (a) have no bar counter (so that customers are served by table service only), or (b) have arrangements in place to ensure that unaccompanied children aged 12 or over, having placed their order for food and soft drinks at a designated area of the bar counter, are then seated in a designated area distanced away from, and preferably separated from, the bar counter or from any “vertical” drinking area where customers stand while consuming alcohol.

## Mandatory requirements

Separately, the Board reminds licence holders that it is a mandatory condition that premises admitting children under 5 have baby changing facilities accessible to both genders.

The Board further reminds licence holders of the requirement to have an age verification policy in place setting out the steps which are to be taken to establish the age of a person attempting to buy alcohol if it appears to the person selling the alcohol that the customer may be under the age of 25 (or such older age as may be specified in the policy). A sample age verification policy can be accessed at

<http://www.highland.gov.uk/NR/rdonlyres/554E6D50-1C1C-4B7D-8BEC-84A7B7485AD3/0/AGEVERIFICATIONPOLICY.doc>

## **2.6 Adult entertainment**

Where considered necessary and appropriate the Board will expect applicants who include adult entertainment as an activity in their operating plans also to include in their operating plans a statement that they will operate only in accordance with their operating code which shall include all of the provisions set out in the Adult Entertainment Local Conditions set out at Appendix 9 of this Policy Statement.

The Board may also impose these provisions directly as local conditions and may, in addition, include further local conditions requiring the licence holder to notify Police Scotland of all forthcoming adult entertainment events and requiring that a personal licence holder be present for the duration of any adult entertainment event.

## **2.7 Home deliveries**

Premises which intend to provide home deliveries of alcohol are reminded that they must include home deliveries as a specific activity on their operating plan. The Board will also encourage submission of details of how the deliveries will operate. These details should include the hours of delivery, the steps which will be taken to verify the age of the person

ordering, payment arrangements and arrangements to protect the safety of those delivering alcohol.

It is also the Board's expectation that any person engaged to make home deliveries of alcohol will have received training of at least 2 hours' duration from a personal licence holder or qualified trainer covering the matters specified in the Licensing (Training of Staff) (Scotland) Regulations 2007.

Licence holders are reminded that where alcohol is being delivered from a vehicle (other than to a trader for the purposes of that person's trade), a day book requires to be kept on the premises from which the alcohol is despatched and a delivery book or invoice requires to be carried by the person delivering the alcohol. The quantity, description and price of the alcohol and the name and address of the person to whom it is to be delivered require to be entered in both the day book and the delivery book or invoice. A failure to adhere to these requirements is a criminal offence. Delivery other than as specified in the details entered in the day book and delivery book or invoice is also an offence.

The Board also reminds licence holders and premises managers that the Act prohibits the delivery of alcohol to any premises other than licensed premises between the hours of midnight and 0600 hours.

## **2.8 Clubs**

The Board would encourage members' clubs to ensure via their constitutions that a limit is placed on the number of non-members who can be signed in by a club member and that this limit is observed.

The Board would emphasise that members' clubs exist primarily for the use of members only and their bona fide guests. The Board will ensure that appropriate action is taken in circumstances where members clubs openly advertise, through any medium whatsoever, that the club facilities are freely available to non-members.

If members' clubs wish to allow general admission to non-members of the club without being invited, signed in and accompanied by a member of the club, they will require to lodge an application for a major variation of their licence. They will also be required to appoint a premises manager, to have the sale of alcohol authorised by a premises manager or personal licence holder and will no longer be able to benefit from the reduced annual fee for clubs.

Clubs are further reminded that where they agree to host functions (such as weddings, parties etc) at which non-members are to be supplied with alcohol on the club premises at a time when they are not the guest of a member and are accompanied by that member, alcohol may only be sold to those non-members if an occasional licence has first been obtained.

Clubs are asked to note that these statements reflect mandatory legal requirements (The Licensing (Clubs) (Scotland) Regulations 2007 and Section 125 of the Act) rather than Board policy.

## **2.9 Plastic/polycarbonate glasses**

Where a premises licence review hearing takes place the Board may consider varying the licence to include a plastic/polycarbonate glasses condition, if satisfied that the ground for review is established and that it is necessary and appropriate for the purposes of any of the licensing objectives for such a condition to be imposed. The condition would require that, from such hour as the Board considers appropriate, drinks may only be served in plastic or polycarbonate glasses.

Where considering varying a licence to impose such a requirement, the Board will take advice from Police Scotland and the Licensing Standards Officer as to their assessment of any risk to public safety which may arise as a result of the continued serving of drinks in glassware at that premises from any particular hour.

In addition, certain occasional licences may be issued subject to a condition that alcohol may only be served in cans or in plastic or polycarbonate containers. This will particularly apply to large scale public events. The Highland Area hosts many large scale public events where alcohol provision is licensed by way of occasional licences. Events such as the Groove and Belladrum music festivals and large-scale Highland Games and agricultural shows attract many thousands of people and, in the interest of public safety, it is clearly impractical and unsafe for alcohol to be dispensed in glassware at such events.

## **2.10 Outdoor drinking**

Depending on the location of the premises, the Board may impose a condition restricting the hours during which drinks may be consumed in any outdoor drinking area identified in the operating plan. The Board will assess the appropriate hours on a case by case basis, having regard to the nature of the locality and any other relevant factors.

The Board may also require that all tables, chairs, parasols and other moveable furniture must be removed from any outdoor drinking area which is situated on a public footway within 30 minutes of the conclusion of the permitted hours applicable to that outdoor drinking area. In addition, tables used in any such outdoor drinking area must be regularly cleared of all used glassware and crockery.

Where a proposed outdoor drinking area is not on land for which a pavement permit would require to be obtained from the Council's TEC Services before the area could be used as an outside drinking area, the Board may require that the boundary of any outdoor drinking area situated must be effectively demarcated to the satisfaction of the Licensing Standards Officer.

Licence holders are reminded that planning permission for change of use may be required for new outdoor drinking areas (in addition to variation of the premises licence). Roads Authority consent (a "pavement permit") may also be required under Section 59 of the Roads (Scotland) Act 1984 if the proposed outdoor drinking area is situated on a public footway. Additional conditions may apply to any planning permission and/or pavement permit granted. Guidance on The Highland Council's technical requirements in relation to occupation of a pavement as "street café" can be accessed at <http://www.highland.gov.uk/yourenvironment/roadsandtransport/roads/Applicationformsforroadoccupation.htm>

## **2.11 Capacity**

The Act requires applicants to include, in their Operating Plan, information on the proposed capacity of the premises.

For premises in which alcohol is to be sold for consumption on the premises, applicants should state the maximum number of customers which can be accommodated in the premises at any one time. This will be verified by the Board by reference to Building Standards Regulations. Applicants should therefore consult with the Highland Council's Building Standards Service if they are in doubt as to the capacity of their premises.

For premises in which alcohol is to be sold for consumption off the premises, applicants should state the amount of space on the premises given over to the display of alcohol for sale. The Board requires this figure to be expressed as the number of linear metres and area (square metres) of shelving given over to display.

For premises in which alcohol is to be sold for consumption both on and off the premises, details of both the maximum number of customers for on sales purposes and the amount of space (if any) given over to display of alcohol for off sales purposes must be detailed.

For on sales premises, applicants will also require to satisfy the Board that they will have sufficient measures in place to monitor the number of persons on the premises to ensure that maximum capacity is not exceeded.

## **2.12 Personal licences**

The Board has no specific policies in relation to personal licences.

Personal licence holders are reminded, however, that they are required by law to undertake prescribed training every five years and to provide the Board, within three months of the expiry of each five year period, with evidence that they have undertaken this training. The Board will issue notice of this requirement to each personal licence holder by no later than three months prior to expiry of the relevant five year period. Should a licence holder fail timeously to exhibit to the Board satisfactory evidence that they have undertaken prescribed training the Board is required by law to revoke the licence.

Personal licence holders are further reminded that they are also required by law to notify the Board if they are convicted of a relevant or foreign offence. Notice must be given by **no later than one month after the date of conviction**. Failure to do so, without reasonable excuse, is itself a criminal offence. Further information on what constitutes a relevant offence (for the purposes of the Act) can be found on the Board's website and is attached at **Appendix 3**.

There is a further statutory requirement that personal licence holders notify the Board of any change in the licence holder's name or address. Again, notice must be given by **no later than one month after the date of the change** and failure to give such notice, without reasonable excuse, is a criminal offence.

## 2.13 Overprovision

- The 2013 overprovision assessment

The Board first considered the question of whether there was overprovision of licensed premises in its area in 2013, prior to adopting an overprovision statement for inclusion in its policy statement, as required by section 7 of the Act.

At that time, the Board considered evidence and views in relation to overprovision submitted by the Public Health Directorate of NHS Highland, Police Scotland, the Highland Licensing Forum, the Highland Alcohol and Drugs Partnership, Inverness Highlands and Islands Licensed Trade Association, the Highland Violence Against Women Partnership, and the various community councils and members of the public who responded to the Board's 2013 overprovision consultation.

The evidence submitted, particularly that submitted by the NHS and Police Scotland, related to various aspects of alcohol-related harm by reference to the five licensing objectives. It demonstrated widespread alcohol-related health harm in Highland and indicated that alcohol was commonly involved in incidents of crime and disorder in the area.

The evidence also indicated that off-sales account for over two thirds of the volume of pure alcohol purchased and that the majority of off-sales purchases are made in larger-capacity off-sales premises, particularly large multiple grocery stores. These are the premises which tend to offer the greatest accessibility and affordability of alcohol in single locations, both of which are key factors affecting patterns of alcohol consumption. NHS Highland further advised that the most common location for drinking alcohol in the Highland area is in private homes, consuming alcohol bought in off-licensed premises.

This was to an extent corroborated by Police Scotland statistics for the Highland area which showed that a far higher number of alcohol-related incidents occurred in dwelling houses than in licensed premises.

Having had regard to all of the information submitted, to the views expressed by respondents to the consultation and to the number and capacity of off-sales premises in the then 22 Highland Council wards, the Board concluded in October 2013 that there was sufficient evidence to indicate a causal link between the number and capacity of off-sales premises and alcohol-related harm throughout Highland, particularly in terms of harm to public health.

The evidence on which the Board reached that view can be accessed at <http://www.highland.gov.uk/yourcouncil/committees/highlandlicbrd/2013-08-27-hlc-min.htm>, and <http://www.highland.gov.uk/yourcouncil/committees/highlandlicbrd/2013-11-12-hlb-ag.htm>

### Smaller-capacity off-sales premises (display area of 40 square metres or less)

The Board also considered details of the range and types of off-sales premises in Highland and recognised that smaller-capacity off-sales premises (generally with an alcohol display capacity not exceeding 40 square metres), such as local convenience

stores, distillery shops and other tourist shops were necessary to sustain local communities, particularly in remote areas, and to sustain the tourist industry which is a vital source of income for many in Highland. These are positive benefits which the Board considered outweighed any health harm through alcohol consumption to which smaller-capacity premises may contribute.

Having had regard to the capacities typical of the existing local convenience stores and tourist shops in Highland, the Board then went on to consider premises with off-sales capacity of no more than 40 square metres to be smaller-capacity off-sales premises providing positive benefits which outweighed any contribution to health harm they may make. The Board accordingly made no finding of overprovision in respect of premises with off-sales capacity of no more than 40 square metres in any locality in Highland.

Although this meant that applications for such premises would not be refused on grounds of overprovision under section 23(5)(e) or section 30(5)(d) of the Act, they would still require to be considered on their merits and the Board had still to consider whether any of the other grounds of refusal set out in the Act applied.

#### Larger-capacity off-sales premises (display area exceeding 40 square metres)

The Board did, however, consider that, in the interest of protecting and improving public health, there was a need to restrict the grant of further larger-capacity off-sales premises (being premises with alcohol display areas exceeding 40 square metres). This was not intended to restrict trade but was considered necessary and proportionate to mitigate the adverse health effects of increased alcohol consumption resulting from further growth in numbers of larger-capacity off-sales premises.

Numbers of larger-capacity off-sales premises varied between wards and still do. In some wards, there are several larger-capacity off-sales premises yet there is evidence that alcohol-related health harm is below the Scottish average. In others, there are no, or few, larger-capacity off-sales premises yet there is evidence of high levels of alcohol-related health harm in those wards.

However, from NHS Highland's advice and from the Board's own local knowledge, the Board was, and continues to be aware that many people in Highland commonly travel between wards, and large distances, to purchase alcohol in larger-capacity outlets. This is particularly so given the geography of the area and the location of amenities. In any event, it is not reasonable to assume that the residents of particular wards are purchasing alcohol only in that ward. The mobility of consumers cannot be ignored.

The Board ultimately took the view that people throughout Highland had sufficient access to larger-capacity off-sales premises and that it was the Board's area as a whole which should accordingly be considered to be overprovided with larger-capacity off-sales premises.

The Board was nevertheless aware that, at that time, there was a view that the "localities" for the purposes of assessment of overprovision which require to be determined by the Board under section 7 of the Act should each be areas smaller than the Board's entire area. The Board accordingly found there to be overprovision of larger-capacity off-sales in two localities within the Board's area. These were

- The northern locality (comprising The Highland Council wards 1 to 11)
- The southern locality (comprising The Highland Council wards 12 to 22)

The effect of this overprovision assessment was to create, in each of these two localities, a rebuttable presumption against the grant of an application for a premises licence, a provisional premises licence or a variation of a premises licence (in terms of the ground of refusal set out in section 23(5)(e) or section 30(5)(d) of the Act) where (a) the grant of the application would result in the premises having an off-sales capacity in excess of 40 square metres, or (b) in the case of licensed premises with existing off-sales capacity in excess of 40 square metres, the grant of any variation sought would result in an increase in that off-sales capacity.

- The 2018 overprovision assessment

On reassessment of numbers and capacities of licensed premises, both on sales, off sales and on and off sales premises in 2017-18, it was apparent that these had not changed significantly since the initial assessment in 2013. No new licences for premises with display capacities in excess of 40 square metres, or variations to licences which would result in a display capacity in excess of 40 square metres, were granted since the Board adopted its overprovision policy in October 2013.

Current on and off-sale capacities may be viewed below:

- (i) [2017-18 On Sales Capacities](#)
- (ii) [2017-18 Off-Sales Capacities](#)

On the advice of, and statistics presented by, NHS Highland in May 2018, it was apparent that the levels of alcohol-related health harm in the Board's area remain of serious concern. Details are available [here](#).

Of particular concern to NHS Highland were alcohol-related mortality and hospital admission rates. Their analysis of these across the nine Highland Community Partnership areas demonstrated high levels of alcohol-related health harm across Highland, but higher than average alcohol-related hospital admissions particularly in the Caithness and Inverness Highland Community Partnership areas.

Latest (2016) statistics for Scotland also showed a continuing downward trend in on sales and upward trend in off sales, with 73% of all alcohol sold in Scotland having been sold through off sales premises compared with 27% sold through on sales premises. Although sales data specific to the Board's area are not available, there is no reason to believe that the on sales and off sales trends observed for Scotland do not also reflect the Highland trend.

It remains the case also that the majority of off sales purchases are made in larger multiple grocery stores which tend to offer the greatest accessibility and affordability of alcohol in single locations, both of which are key factors affecting patterns of alcohol consumption.

**At its meeting on 26 June 2018, the Board agreed:**

- (A) To seek views on the question of whether there is overprovision of**
  - (a) licensed premises, or**
  - (b) licensed premises of a particular description**

**in any particular locality in the Highland area or in the whole of the Highland area, and to ask respondents to give reasons in support of their response to this question.**

- (B) In the case of respondents who consider there to be an overprovision of licensed premises in any locality or in the whole area, to invite them to put forward their own proposals as to how this can best be addressed.**
- (C) The Board also agreed that views be sought on the 4 options for tackling overprovision proposed by the Directorate of Public Health and Health Policy, NHS Highland, in their May 2018 assessment of the overprovision of licensed premises in the Highland area. These four options are as follows.**

- **NHS Option 1 (retain the Board’s current overprovision policy)**

The Board should retain its current policy presumption against the grant of applications for premises licences, provisional premises licences or variations of premises licences where (a) the grant of the application would result in the premises having an off sales display capacity in excess of 40 square metres, or (b) in the case of licensed premises with existing off sales capacity in excess of 40 square metres, the grant of any variation sought would result in an increase in that off sales capacity. This policy should continue to apply for the whole of the Board’s area, which the Board should agree should be treated as one “locality” for the purposes of the overprovision assessment.

- **NHS Option 2**

The Board should change its current policy presumption in respect of off sales (see Option 1) by introducing a presumption against the grant of applications which would result in the premises having an off sales display capacity which exceeds 30 square metres anywhere in the Highland area.

- **NHS Option 3**

The Board should retain its current policy presumption in respect of off sales anywhere in the Highland area (see Option 1) but also introduce an additional policy presumption against the grant of further on sales premises licences in the Caithness and Inverness Highland Community Partnership areas which have higher than average alcohol-related hospital admission rates.

- **NHS Option 4**

The Board should change its current policy presumption (see Option 1) by introducing a presumption against the grant of applications which would result in the premises having an off sales display capacity which exceeds 30 square metres anywhere in Highland and also introduce an additional policy presumption against the grant of further on sales premises licences in the Caithness and Inverness Highland Community Partnership areas which have higher than average alcohol-related hospital admission rates.

**(D) Separately, the Board further agreed to seek views on the option of introducing a similar overprovision policy to that currently adopted by the Scottish Borders Licensing Board. This policy reads as follows:**

- “4.6 The Board strongly considers well run on sales premises are a preferred and safer environment for alcohol consumption and should be encouraged over drinking in the home or any other unlicensed environment. On sales premises which provide a full range of services, for example food and quality accommodation, will be encouraged in most areas.*
- 4.7 The proliferation of larger type supermarkets outwith town centres has continued, the Board recognises that this type of operation serves a larger area than the immediate area in which they are situated. It also acknowledges that small convenience type shops offering a full range of goods are a vital part of the many small rural communities in the area and that it is essential for the viability of such businesses that they are able to provide a full range of goods and services.*
- 4.8 Where any application for an off sales Premises Licence, with no on sales provision, does not fall into the categories referred to at 4.7 or it replicates a similar off sales business in a particular area then the Board is likely to take the view that this would be overprovision, and applicants will be asked to clearly show how their individual proposal differs from what already exists and how it is likely to benefit the area as a whole.*
- 4.9 With further regard to off sales premises, the Board is conscious of the fact that the capacity required to be shown within the premises can sometimes be confusing and even seem somewhat irrelevant, in as much as large shops can have a small display area with a large storage area which replenishes the display area frequently or vice versa. However, the Board does acknowledge that display areas can be a factor in encouraging purchase and ultimately consumption and as such will look for detailed justification for any application to have a display area in excess of 10% of the overall sales area of premises, other than dedicated wine and spirit merchants. While Regulations dictate the requirement for display areas to be shown as height and width of display with a linear measurements of displays outwith that on a layout plan, the Board will further require layout plans to clearly show the area, lined and shaded, as a square metres of floor area given over to alcohol display when any application or a variation application is submitted”*

**This policy therefore creates a presumption against the grant of an off sales licence for the following types of premises:**

- (a) off sales premises which are neither “*larger type supermarkets outwith town centres*” nor “*small convenience type shops offering a full range of goods*” and which are a vital part of a small rural community, or
- (b) off sales premises which “*replicate a similar off sales business in a particular area*”

unless, in either case, the applicant can demonstrate “*how the proposal differs from what already exists in the area and how it likely to benefit the area as a whole*”, and

- (c) off sales premises with a display area in excess of 10% of the overall sales area (calculated in m<sup>2</sup>) of the premises (other than dedicated wine and spirit merchants)

unless, in the case of (c), a “*detailed justification*” for exceeding this size of display area is provided.

**Put in context, parts (a) and (b) of this policy would presume against the grant of a licence for**

- larger type supermarkets in town centres
- larger type supermarkets outwith town centres but in the same area as another larger type supermarket
- small convenience type shops offering a full range of goods but which are not a vital part of a small rural community (eg, small convenience shops in towns or the city)
- small convenience shops offering a full range of goods but which “*replicate*” a similar shop in the same area
- shops dedicated purely to off sales of alcohol (including specialist whisky, wine, craft beer, etc. shops)
- distillery shops and visitor centres which do not also sell alcohol for consumption on the premises

The policy contains no obvious explanation (in terms of the licensing objectives) as to why there should be a presumption against the grant of a licence for these particular types of premises.

It should be noted also that the policy contains no definitions of the terms “larger type supermarkets” or “small convenience type shops”. Were the Board to adopt a similar policy these, and various other terms used within it, would require to be clearly defined so that the policy can achieve the Board’s stated aim which is “*to promote consistency of decision-making and to give advance notice to applicants of the Board’s likely approach to determining applications*”.

**In addition, part (c) of this policy (the 10% of total sales area restriction) would also have the effect that:**

- hypermarkets (defined by IGD<sup>1</sup> as stores with sales areas typically over 5,600 m<sup>2</sup>) would be permitted an alcohol display area of 560 m<sup>2</sup> or more depending on their size,
- supermarkets (defined by IGD as stores with sales areas typically between 280 m<sup>2</sup> and 5,600 m<sup>2</sup>) would be permitted an alcohol display area between 28 m<sup>2</sup> and 560 m<sup>2</sup> depending on their size, and

---

<sup>1</sup> See <https://www.igd.com/articles/article-viewer/t/uk-grocery-retailing/i/15513>

- convenience stores (defined by IGD as stores with sales areas typically up to 280 m<sup>2</sup>) would be permitted an alcohol display area of up to 28 m<sup>2</sup> depending on their size.

It should be noted, therefore, that to replace the Board's current policy (which presumes against the grant of a licence for any off sales premises where the display capacity would exceed 40 m<sup>2</sup>) with this 10% policy would have the effect of restricting convenience stores to much smaller alcohol display areas than current policy would allow and allowing far larger display areas in supermarkets or hypermarkets.

***[The following remaining text in the existing overprovision statement for 2013-18 will be amended as required following the Board's decision on the content of its overprovision statement for 2018-23:***

Each such application will still require to be determined on its merits and the Board accordingly reserves the right to grant such an application where it considers that the licensing objectives would not be undermined by the specific proposals set out in the application, or that those objectives would not be undermined if the applicant's operating plan were to be modified or the grant of the licence made subject to appropriate conditions, and that no ground of refusal other than overprovision would apply. However, it will be for the applicant to demonstrate to the Board, by providing robust and reliable evidence, that the grant of the application would not undermine the licensing objectives or that the benefits in granting the application outweigh the Board's overprovision policy.

In the event of an existing licence for a larger-capacity off-sales premises in either of the two localities ceasing to be in force, this will not necessarily mean that there is capacity for a new licence for a larger capacity off-sales premises in that locality. The Board may continue to regard either of the two localities as overprovided notwithstanding that the number of larger-capacity off-sales premises in that locality has been reduced since the publication of this overprovision statement.]

### **3 LICENCE CONDITIONS AND OTHER RECOMMENDED CONTROL MEASURES**

#### **3.1 Mandatory Conditions**

In the interest of promoting the licensing objectives, the Act and associated secondary legislation stipulate certain Mandatory Conditions which the Board must impose on Premises Licences, Occasional Licences and licences for Late Opening Premises, i.e. premises open for a continuous period beginning on one day and ending after 0100 hours on the following day. These Mandatory Conditions are appended to this Policy Statement.

- **Appendix 4 – Premises Licence Mandatory Conditions**
- **Appendix 5 – Occasional Licence Mandatory Conditions**
- **Appendix 6 – Late Opening Mandatory Conditions**

#### **3.2 Local Conditions**

The Board may also attach such further conditions as it considers necessary or expedient for the purposes of the licensing objectives. To that end, the Board has agreed core lists of further conditions known as “Local Conditions”, which largely reflect the Board’s policies as set out at section 2 above.

In determining which of the Local Conditions are to apply to a particular licence, the Board will have regard to the recommendations of the Licensing Standards Officers as to which of the Local Conditions are appropriate. The lists of Local Conditions (some or all of which the Board is likely to impose), and details of the particular licensing objectives to which they are considered relevant, are appended to this Statement.

- **Appendix 7 – Premises Licence Local Conditions**
- **Appendix 8 – Occasional Licence Local Conditions**
- **Appendix 9 – Adult Entertainment Conditions**

#### **3.3 Special Conditions**

From time to time, Licensing Standards Officers may recommend that in the specific circumstances of a particular premises or licence, additional conditions are necessary and expedient for the purposes of the licensing objectives. The Board will have regard to any such recommendation in determining whether to apply such additional conditions.

These additional conditions are known as “Special Conditions”. Examples of Special Conditions which the Board has previously imposed, and the circumstances in which they were considered necessary, are appended to this Statement.

- **Appendix 10 – Examples of Special Conditions**

#### **3.4 Other Recommended Control Measures**

In seeking to promote each of the licensing objectives, the Board and the Licensing Standards Officers encourage licence holders to have in place other control measures

which it may not be possible to require by conditions imposed on the licence but which are likely to assist in preventing crime and disorder, securing public safety, preventing public nuisance, protecting and improving public health and protecting children from harm. Advice and recommendations on appropriate measures can be sought by licence holders from the Licensing Standards Officers. The following are examples of such further control measures.

In the interest of preventing crime and disorder:

- Ongoing training of staff in addition to statutory requirements
- Installation of a CCTV system of a standard acceptable to the police, including at display areas and till points
- Suitable external lighting
- Employment of door stewards at times of peak demand (in addition to statutory requirements)
- Membership of Pubwatch or similar scheme
- Display of notices setting out management's policy on illegal substances
- Participation in in-house responsible purchase schemes for under-age sales
- Locating off-sales displays where they can be monitored by staff
- Keeping an alcohol refusals/incidents log

In the interest of securing public safety, as above, together with:

- Carrying out risk assessments
- Regular testing of procedures and equipment
- Ensuring a Personal Licence Holder and a sufficient number of staff are on the premises during times of peak demand or during special events or events of local or national significance
- First aid training for staff

In the interest of preventing public nuisance:

- Management of people entering and leaving the premises, including arrangements to prevent patrons taking glassware or bottles off the premises
- Installation of sound-proofing and sound limiting devices
- Locating smoking areas in suitable areas, providing ashtrays or litter bins and having measures in place to keep those areas tidy
- Control of operating hours for different parts of the premises
- Restricting use of outside drinking areas at night
- Ensuring litter left outside the premises is cleared regularly
- Supporting local schemes which encourage safe dispersal of patrons at closing time (eg taxi marshalling)

In the interest of protecting and improving public health:

- Making available information promoting moderate drinking, awareness of units of alcohol and recommended guidelines
- Displaying anti-drink driving materials and promoting awareness of schemes such as designated driver schemes

## **APPENDIX 2 – SCVO DEFINITION OF VOLUNTARY ORGANISATIONS**

The following text is extracted from guidance produced by the Scottish Council for Voluntary Organisations:

### **“Defining Voluntary Organisations**

#### **What is a voluntary organisation?**

SCVO defines voluntary organisations as non-profit driven, non-statutory, autonomous and run by individuals who do not get paid for running the organisation. Some voluntary organisations are recognised by the Inland Revenue as charities.

There are no agreed hard and fast rules for distinguishing the boundary line between voluntary and other organisations. However, the following exclusions are based on the notion that the voluntary sector represents a unique value system. Even within the set of organisations that hold to this value system, there are particular exclusions made for pragmatic reasons.

#### **Exclusions**

There are two key tests that we have used to distinguish voluntary organisations from other organisations:

1. Does the organisation represent a for-profit driven rather than public benefit motivation?
2. Does the organisation aim to satisfy an exclusive and private objective (or conviction) rather than a shared benefit?

The first test excludes the following:

- Private sector organisations - A key feature of voluntary organisations is that they are ultimately directed by individuals who do not make their living from their involvement in running the organisation. This naturally excludes most private sector businesses.
- Financial institutions - such as large building societies and friendly societies (eg Standard Life). These organisations are mutuals, but their overriding aim is to generate profit, rather than address a social need.

The second test excludes the following:

- Political parties and groups campaigning on a method of governance rather than to address a particular social need. It can be argued that at the grand level of things, political groups set up to address social need in its widest sense and are thus voluntary associations. However, public opinion has long determined that political activity is not seen as a public, rather than private, objective, and as such political parties are conventionally considered distinct to the voluntary sector. Nevertheless, certain civic participation groups and pressure groups campaigning on a specific social need, on behalf of excluded groups are included.
- Note that there are a significant number of Scottish charities set up as quangos or quasi non-governmental organisations. These organisations are essentially controlled by the public sector and set up by statute. Consequently, they also cannot be regarded as voluntary sector.
- Academic sector, such as universities and colleges are also excluded. It is argued that these organisations are predominantly funded by the public sector (UK Almanac 2002 – see bibliography).
- Faith based organisations, such as churches which are charitable, have a primarily religious motivation. Some faith-based organisations also set up projects that are separately constituted to address specific social needs, and these are included as voluntary sector. However, religious activity in isolation is not regarded as voluntary sector as it is an exclusive and private objective, similar to political motivation.
- Organisations officially recognised as trade unions are excluded from our definition on pragmatic grounds. The main trade unions have their own voice as a sector and are often politically motivated. However, some smaller unions of individuals, such as professional associations or business support groups are included in this voluntary sector definition.
- Private independent schools – some private schools are financially exclusive. Even if they redirect all their profit back into the school, they are arguably not driven for public benefit. Those schools which are clearly not aimed at public benefit are excluded from our voluntary sector definition.

## **Other terms used to describe the sector**

The 'social economy' is a term increasingly used in relation to the voluntary sector. The phrase social economy is used to describe the economic dimension of voluntary sector activity. But while it can lead to a policy focus on some specific parts of the sector, it is not limited to those organisations that most closely emulate private sector operations known as social enterprises.

The 'Third Sector' is another term used to refer to the voluntary sector. A perspective based on work carried out by the CBS Network (2002) defines the Third Sector as all constituted organisations, plus the family economy, as set apart from the statutory and private sectors, and as such voluntary organisations are predominant within it.

## **Regulated voluntary sector**

The 'regulated voluntary sector' is a subset of the voluntary sector, that comprises voluntary sector charities, housing associations and credit unions. Each of these type of organisation is subject to regulation and their presence is thus recorded by the UK Inland Revenue, Communities Scotland or the UK Financial Services Authority respectively. This makes it possible to carry out a more detailed statistical analysis of this part of the sector. All statistics in this almanac specifically relate to the regulated voluntary sector, unless otherwise indicated."
