Gairloch and Dundonnell Church of Scotland.

The Congregation / Members of Gairloch Church of Scotland have been made aware of the proposed upgrade and enhancement of toilet facilities and amenity provision for visitors and members of the community currently being processed by Gairloch Area Development (GAD), in the Church of Scotland / Golf Club car park & beach access area.

Given the obvious benefits this would bring to our Community, and the involvement and consultation with all interested parties, we would be very supportive of the proposal.

I have discussed this with Kenny Thomson, Chair of Gairloch Community Council and Director of GAD, and he has agreed to keep the Church of Scotland (and indeed all other bodies utilising the Car Park) abreast of developments – this would include keeping us informed of possible disruption of normal parking arrangements at the various stages of the development.

For Gairloch and Dundonnell Church of Scotland;
