The Community Out West Trust

18 April 2019

Achnasheen

Dear Sir or Madam

On behalf of the South West Ross Community Car Scheme I'd like to thank everyone involved in bringing back to life the toilets in Kinlochewe.

Our Community Transport Scheme serves all residents of South West Ross-shire who, for whatever reason, have no means of private transport.

We regularly transport residents from Torridon and the outlying villages to/from the nearest bus stop in Kinlochewe (servicing Dingwall and Inverness). Having in some cases travelled for nearly an hour to get to Kinlochewe and then be faced with a further 1.5 - 2 hours bus trip to Inverness, the toilet facilities at Kinlochewe are indispensable to our, often elderly, passengers. And of course the same journey has to be faced when returning home.

We very much hope that your initiative becomes a permanent solution to retaining these vital facilities.

Yours faithfully

S P Schnabel

Community Out West Trust

The Trustees are, along with the rest of the community, very pleased to see that the public toilets are now open and we would like to wish you every success in your efforts to enable this community facility to continue to operate.

At a meeting we held last week we decided to give a donation to your organisation in order to help with start up costs etc.

Please find enclosed a cheque for the sum of £300.

We would be grateful if you could please send a written acknowledgement for our accounts.

Kind regards

[REDACTED]

Fiona Price (Chairperson)
