

WestPlan Delivery Programme Prògram Lìbhrigidh a'Phlana Shiar

March 2021

This constitutes the Action Programme for the
West Highland and Islands Local Development Plan (WestPlan)

This Delivery Programme sets out the infrastructure and development required to support the implementation of the [West Highland and Islands Local Development Plan \(WestPlan\)](#). As a result it constitutes the Action Programme which is a statutory requirement of the local development plan making process.

The purpose of the Delivery Programme is to provide information for identifying, monitoring and implementing the actions for delivering future growth in the area. It will be used to help identify which infrastructure projects will be subject to developer contributions requirements and as a tool for coordinating investment in development and infrastructure. We will revise and amend it as infrastructure is delivered, opportunities for new development are presented and as pressures change over time.

Developer contributions towards the delivery of the infrastructure projects shown in this Delivery Programme may be required from sites located within and outwith these settlements. For secondary school and community facility projects, developer contributions will typically be sought on a secondary school catchment area basis. Therefore, please check the relevant Main Settlement(s) to identify developer contribution requirements.

The Delivery Programme is split into the following sections:

	<u>Page</u>
1. Strategic Infrastructure Improvements - sets out the major investments within the WestPlan area which will support regional and national growth;	3
2. Economic Development Areas (EDAs) - sets out the steps for enabling major employment generating development within the EDA sites identified in WestPlan.	6
3. Fort William 2040 - sets out actions for maximising benefit from investment and development in Fort William and Lochaber (see FW2040 webpage for more information).	7
4. Main Settlements – outlines the actions for delivering growth in each of the Main Settlements included within WestPlan and identifies which infrastructure projects will be subject to developer contributions requirements.	8
5. Other Areas - sets out the actions for delivering growth in areas outwith the Main Settlements.	21

Please contact the Development Plans team should you have any questions regarding the content of the Delivery Programme by emailing devplans@highland.gov.uk or on 01349 886608.

1. Strategic Infrastructure Improvements

ACTIONS		FUNDING			DELIVERY	
Topic	Action	Timescales	Total Cost	Council Capital Budget	Lead and Supporting Delivery Partners	Status/Actions
Transport	A890 Stromeferry (rockfall area) Bypass Remedy to "lifeline" road closure issue	No timescale identified at this stage.	Options range from £35M - £109M	Item no longer funded scheme in THC Capital Programme	The Highland Council (THC), Scottish Government, Network Rail, Hi-Trans.	Scottish Transport Appraisal Guidance (STAG) assessment completed but still at route options stage. Corridor A890 Stromeferry (rockfall area) Bypass safeguards in Plan. Councillor Working Group established 2019.
	Fort William Improvements & Wider Transport Appraisal Transport interventions to ease peak time congestion within the Fort William urban area.	Further Scottish Transport Appraisal Guidance (STAG) appraisal work to be progressed early within the Plan period.	Investment to be confirmed but one of the potential schemes, Caol Link Road initially estimated at £35M - £50M.		THC. Discussions with Transport Scotland, Hi-Trans, and local interests	Intention first, to undertake further STAG appraisal work as part of STPR2 (second Strategic Transport Projects Review) to assess optimum transport interventions. Corridor safeguards in Plan.
	Corran Narrows Strategic Transport Appraisal and Potential Fixed Crossing Provision of a more reliable "lifeline" crossing	No timescale identified at this stage.	Investment to be confirmed but initially estimated at £22M - £30M.	Listed but unfunded item in THC Capital programme	THC, Hi-Trans	Scottish Transport Appraisal Guidance (STAG) assessment underway. Feasibility of fixed crossing across Corran Narrows being investigated. Replacement ferry initially estimated at

					£5M. Reference to land safeguards in WestPlan.
Uig Harbour Upgrade of harbour facilities, including new terminal building, to accommodate new ferry vessel.	Expected start on site in Spring 2020. Programme and funding to be confirmed by Transport Scotland.	£30M+	THC contributing £1.5M towards essential maintenance works to the pier.	Transport Scotland, Caledonian Maritime Assets Ltd (CMAL), CalMac Ferries Ltd (CFL), THC, HIE, Hi-Trans	Planning application for elements of works outwith the Harbour Revision Order lodged July 2019.
A890 Balnacra to Lair 6km new dual track road to improve existing single track section.	Not known	Initially estimated at £12M	Item no longer funded scheme in THC Capital Programme	THC. Discussions with Network Rail, SNH, SEPA and local interests.	Reference in WestPlan strategy. Item no longer funded scheme in THC Capital Programme. Detailed scheme design completed and full planning permission Feb 2017.
Ashaig Airport Airstrip improvements to accommodate reintroduction of scheduled air services	Progress dependent on funding availability.	Expected cost £1.53M - £1.77M		Hi-Trans, THC, HIE, SNH and SEPA. Technical advice from Highlands and Islands Airports Limited	Technical advice from Highlands and Islands Airports Limited. £170K of THC Cap Prog committed in May 2019 for further engagement with statutory bodies and preparation work.
Skye Cycle Way - Establish a safe cycle path from Kyleakin and Armadale to Broadford, Portree and Uig	N/A	2020 onwards	Early high level costings indicate an estimated £44million to design and construct a network of around 230km. £96k has been secured from Sustrans	BSCC, Skye Connect, Edinbane CT, Sustrans, HITrans, Transport Scotland, THC, Landowners	Around 200km of network have been surveyed to date.

				to deliver a strategic plan & feasibility study		
	A832 Twin Tracking Slattadale to Gairloch Two phases to twin track remaining single track section of A832.	First Phase 0.6km completed. Final phase 5km to Charlestown.	Final stage TBC	Scheme not funded in THC Capital Programme	THC, SNH, SEPA	Preliminary assessment work underway for final section but firm cost / schedule to be confirmed
Utilities	Next Generation and Superfast Broadband Delivery of improved digital connectivity	Next Generation: 2013-2017 Superfast: By 2021	Next Generation: £146M (across whole of HIE area) Superfast: TBC	£Nil	Scot Gov, HIE, BT, Other Public Sector Bodies	Roll out has reached 86% of premises in Highlands and Islands.
	Local Full Fibre Networks (Fort William, Inverness, Thurso and Wick) Strategic aim is to increase the footprint of full fibre networks in the region. Successful partnership bid to the UK Government's Local Full Fibre Network (LFFN) programme for £4.3m to install open access, gigabit capable networks in each of the 4 settlements that will provide connections to 152 public buildings. As they are open access, engagement with the telecoms market is continuing to secure interest in building these out to businesses and domestic properties.	Contract for the 152 connections finalised in January 2019. Construction will start late 2019 for completion by March 2021.	£7.149M	The 5 public sector partners are capitalising savings and making an upfront payment. Savings will be realised over 20 years from network rights of use provided to each of the 152 sites. This funding will total £2.849m.	UK Government (DCMS), HIE, UHI, SNH, NHS, THC, Capita, CityFibre	Currently less than 1% of properties in the region can get these, with the figure for the UK around 7%. The project is currently in a detailed planning phase, due for completion in October 2019 at which point we will start construction.

2. Economic Development Areas

ACTIONS	TIMESCALES	FUNDING	DELIVERY	
			Lead and Supporting Delivery Partners	Status
Ashaig Airstrip 42ha of land safeguarded for enhancement of the airstrip and provision of associated facilities to allow the reintroduction of scheduled air services.	Progress dependent on funding availability.	Expected cost £1.53M to £1.77M	Hi-Trans, THC, HIE, SNH and SEPA. Technical advice from Highlands and Islands Airports Limited	Technical advice from Highlands and Islands Airports Limited. £170K of THC Cap Prog committed in May 2019 for further engagement with statutory bodies and preparation work.
Glencoe Ski Centre Base Station 4ha of land safeguarded for expansion of outdoor recreational activities	Not known	Not known	Operator led proposal	
Inverlochy Castle Estate 31ha of land safeguarded for expansion and diversification of tourism facilities	Not known	Not known	ICMI (owner)
