Dear Sirs,

Reference Community Asset Transfer scheme

It has been brought to our attention that the Assynt Development Trust are in the process of applying to purchase a parcel of land adjacent to and surrounding the former Lochinver Mission under the Community Asset Transfer scheme. We acknowledge that this purchase will help secure the long-term tenure of the building which is already considered a valuable facility by the local community. With this in mind, Assynt Community Council are happy to lend their support for this application.

Yours faithfully,

Phil Jones (Secretary Assynt Community Council)
