Brian

Under Issue 92, Chapter 14, Nairn, in the council's summary reference is made to representation 267 with regard to the settlement hierarchy. However, in the original representation the first objection is that the Nairn strategy fails to appropriately recognise the town's existing/planned role within the settlement hierarchy. It requests that Nairn be upgraded from a local to a sub-regional centre.

Could the council please provide a response to this specific point.

Under Issue 41 the council response refers to a draft appendix setting out a settlement hierarchy. Please send a copy of this, as it cannot be traced.

An early response would be appreciated preferably within the next day or two.

Regards

Morag
