

SCHOOL ROUTES 2020

Legend:

1	Where there is enough space for pupils and the public within the physical distancing rules, these will operate as normal.
2	The Government have allowed school transport zones to be designated within public buses. In these zones, seats are reserved for pupils only.
3	Some routes will be restricted to school pupils only (which may include non-entitled pupils who pay their own fares).
4	On some routes, separate buses will be provided for pupils and the public in order to maintain a public service as well as providing enough seats for the entitled pupils.
