Dear Russel,

I am writing on the behalf of Kingussie Business Forum.

It is exciting to see Kingussie Shinty Club vision for the Market Stance and we fully support it. The idea to make good use of the site by offering it to various community groups and schools can only be praised. A new lease of life and energy will be welcome to that end of the town which has been somewhat neglected over the years. Kingussie Shinty club joining forces with other groups in organising Hogmanay last year was proven a real success so we are very much looking forward to more co-operations between local community groups.

Kingussie Business Forum want to wish Kingussie Camanachd Club every success in acquiring the lease.

Yours sincerely
