Dear Russell,

### **Letter of Support regarding the Market Stance, Kingussie**

Kingussie Community Development Company (KCDC) recognise the vision and energy in the development the Shinty Club is proposing. The 'football' pitch has been a sad and very underused resource for so long and the development to facilitate and promote all sporting activity by this upgrade is a major step forward for the town.

The commitment that the venue will be available to the Schools and other community sports groups as well as the demands of the Shinty Club is warmly welcomed and is one that we fully support.

Yours sincerely

*Kenny Deans*
