Mr	Douglas	Miller								Allotments
Ms	Paula	Sime								If not a school then a community centre with sapce for daycare for elderly & pre-schools & decent space to rent for cubs/beavers/scouts/youth café etc. Current pre-schools in the area offer no wrap around care which causes so many problems for parents.

Mr	Peter	Davis								
Mrs	Mandy	Davis		Yes						
	Helen	Duncan	Yes							Swimming Pool, the exceptional feel of the village is being ruined by so many new houses being built and the exclusivity of the areas no longer exists.
	R	Downie			Yes					Definitely not supermarket or social housing
	S A	Ferguson	Yes	Yes		Yes	Yes	Yes		No supermarket unless Tesco
Mrs	Maureen	Fraser		Yes	Yes					
	Julie	Gamble								Each of these facilities could be developed on original site. e.g. medical centre. A supermarket - completely unnecessary. A future plan has to consider, the benefit residents of 'a green belt' to benefit residents of Black Isle and Inverness or turn into a concrete conglomerate with all its social, health and enal problems.

Mr	Brian	Jones		Yes						Leave as open space, No more housing! The infrastructure is already creaking at the seams. Don't spoil our village's character.
	Barbara	Jones		Yes						Leave as open space, no further housing. The roads are inadequate and the infrastructure cannot cope. Our village is being spoiled.
	Angela	Lynch	Yes			Yes				
Mr	Mark	MacAndrew		Yes						
Mrs	L	MacAskill	Yes							
	Sheila	MacDonald	Yes							
	D	MacFarlane	Yes					Yes		
	Geneviere	MacIver			Yes	Yes				Definitely not supermarket.
	Janet	MacIver		Yes	Yes	Yes				The primary school should be built in Avoch. A supermarket should definitely not be built.
	A	Mackay	Yes		Yes					Supermarket - no way would kill off any if not all local businesses. Build one bedroom houses, so that the people who cannot afford to pay the bedroom tax can be re-housed, and their houses can rehome families in need of bigger housing.
	Murdo	Mackay	Yes			Yes				Social housing - council, supermarket - no way
	Amy	Mackenzie	Yes				Yes			
	Anne	Macleod	Yes							
Mrs	Jean M	Manson		Yes						We need a swimming pool, so that people who need gentle exercise, elderly or young, will be able to access a desperate need, near their own home, because for one reason, or another, they are unable to go outwith the area.
	D J	Pocock						Yes		Preference to leave as greenfield
	M	Pocock						Yes		
	Alex	Leid	Yes		Yes			Yes		
Dr	John W	Robertson								A modern church with car parking facilities
	Sheena	Ross		Yes		Yes				Council homes. A Community Centre that is suitable for the elderly - specifically with Dementia needs, as this is only going to increase in the future. Also we need to cater for the teenagers, so it could be also a place to have a youth club/meeting place and for all groups to meet. i.e. Brownies/cubs etc.
	Emma Louise	Sinclair	Yes							An ideal site for a primary school. Why lose it?
Mr & Mrs	D	Smith						Yes		With all the development, surely a medical centre should be top of the list.
	E	Smith	Yes							
	W	Stewart					Yes			
	Donald and Catherine	Sutherland	Yes	Yes						Not more housing
	Rhonda	Telfer				Yes				
Mr	Richard	Trendall	Yes							Or floodlit, all weather, multi-sports pitch.
	V J	Walker	Yes	Yes				Yes		All combined as at Ullapool 'Mo Davaid' supermarket development undesirable unless on enhanced High Street area.
	Michael	Wood	Yes							
Mrs	Maureen	Weir								No housing needed. I feel strongly that the site (school site) should be kept as allotments - not built on - unless a daycare centre for the elderly/disabled could be put there in a form of building that could be removed if it became necessary to have a school there.
	John	Eastwood		Yes						Daycare centre built but only if it has to be used at all. But should be kept for school in the future.

	John	Mackenzie	Yes							Should be retained for possible future school certainly NOT for developers to further destroy this former Royal Burgh! PLEASE PLEASE PLEASE do not destroy this historic town.

	Amy	MacDonell		Yes						
	June	Beven Baber	Yes	Yes						Leave as farmland or to be used for allotments
Miss	Kay	Drought		Yes						Try to keep some green areas, we all need space. I can never the resist the opportunity of saying car/lorry/van traffic far too fast on Ness Road. Late for golf, pre-school bus, for dolphins or just a place to try out the car!!
	Brenda	Steele								LEAVE ALONE!
	Bridget	Houston		Yes						
Mrs	B	Miller								Absolutely none of these. Preserve this <u>amazing high quality agricultural land</u> at all costs and use it for the benefit of the people of Fortrose. It is a disgrace to destroy Scottish Heritage in this high handed way. We will desperately need good land soon and the Highland have so little of it.
Mr	Iain	Brown	Yes	Yes						
	Gerry	McGarry	Yes							We don't need another supermarket.
	Val	Cartwright		Yes

	Rae	Simpson								Replacement of existing supermarket, using current co-op site to provide day-care facility.
Mrs	R	Macleod		Yes	Yes			Yes		
Mrs	B	Kerr		Yes						
	Naomi	Lloyd	Yes							It should be retained as a potential primary school site indefinitely as the sustainable school estates review is unlikely to accurately predict for the <u>long</u> term (30-40-50 years) In the meantime it can be used for community use as allotments and <u>not</u> for commercial development.
	Jim	Anderson								Leave it be!
	Roger G	Cope	Yes	Yes						
	Gillian	Dobson	Yes							A primary school ONLY
	Jane	Baker	Yes	Yes						
	Donald	Mackenzie								Leave as farmland
	John B	Jack	Yes	Yes						Daycare facilities (1), primary school (2)
	Lucy	MacIennan								Agriculture, allotments, greenbelt. No issue with site being proposed for a school but if it is to be changed to something else then leave as agricultural and if not that, then daycare facilities for the elderly.

	R A	Davidson								LEAVE ALONE!!
	Donald A	Munro	Yes	Yes						
	Nancy	Cameron								Leave as agricultural land/allotments - or perhaps even as a 'park' for Chanonry Park - which at the moment doesn't seem to have one!
	M J	Weir		Yes						Allotments (1) possibly reverting to school (2) when needed
	Ewan	Henderson	Yes							
	Linda	Spence								
	Eve	Harris		Yes	Yes					Would it be possible to move the George V playing field to the school site ad build the co-op on the then available corner site?
	William	Fraser	Yes							
	Kenny	Fraser	Yes							
	Maria	Fraser	Yes							
	Adam & Shona	Anderson								The most urgent facility required is an appropriate supermarket. This should not necessarily be sited in the designated primary school site. All other suggestions are desirable but can be delayed until the requirement of a primary school is identified and located. The existing Co-op is already under pressure. Expansion of the village will put the elderly at a disadvantage as all daily requirements must for met locally. There is risk in preferring a wish list/options that petty aspirations may overrule broad comprehensive issues which could lead to a well balance community. It would be beneficial if there could be open non-confrontational meetings with senior officials. This would allow a clearer understanding of developments which are beyond local control and a better recognition of issues which can be rationalised and influenced. A close liasion between local, and officials would lead to functioning harmony within our growing community.
