

Handbook 2022-2023

'Little by little a little becomes a lot!'

WELCOME

The ongoing pandemic continues to affect the normal running of schools in many ways. This Handbook reflects the way the school usually runs but does not cover all of the changes that we have made because of the pandemic. Our arrangements have changed in many ways since March 2020, and may well change again, depending on how the pandemic develops. For the most up-to-date information about any aspect of the work of the school, please make contact and we will be able to tell you about our current arrangements. For the latest information about how the pandemic affects children, young people and families across Scotland, please visit the Scottish Government website, which has helpful information about Coronavirus and its impact on education and children.

This handbook plays an important role in opening the door on the rich tapestry of school life, and sets out our values and aspirations as it welcomes families into our school community. It helps to establishing clear communication routes, laying the ground for effective partnerships with parents which will endure for several years and which will determine the futures of our children. A booklet, however, can only tell you so much! We strongly believe that school life is part of the life of the community, and that education is a partnership between children, parents, and teachers within that community. Parents are welcome to make an appointment at the school and should telephone 01463 751272 to make an appointment.

Our school situated 7 miles from Inverness and 1 mile from the village of Dores, on the south side of Loch Ness was built around 1874. Major renovations in 2010 were completed to provide dining facilities, library, staff room/office and toilets. The two classrooms are situated at the back of the building and a link corridor joins the old and new buildings. The two classrooms house a Primary 1-3 class and a P4-7 class. There are currently 17 pupils on the roll, with nine in the P1-3 Class and eight in the P4-7 class. There are visiting teachers of PE and Music, on a weekly basis. Aldourie Primary is a cluster school with Foyers Primary, which is situated 12 miles along the loch side providing education for children aged 4-12 years of age. Mrs Louise Robertson is the Cluster Head Teacher and visits Aldourie PS 2/3 days per week.

2. SCHOOL HOURS

| | | |
|--|-----------------|---------------|
| 9.00 – 10.40am (interval 10.40-11.00) | 11.00 – 12.30pm | 1.10 – 3.00pm |
| Flashing 20mph warning lights operate: | 8.40 - 9.00am | 3.00– 3.20pm |

3. ENTRY ARRANGEMENTS

Enrolment week for Primary 1 pupils will take place from Monday 31 January to Friday 4 February 2022. If you wish to enrol your child for Primary 1, please do so during enrolment week. The online enrolment form will be available from Monday 31 January 2022.

Parents wishing to enter children into the school can contact the Head Teacher by telephone or letter to arrange an initial visit. During the term, before formal entry, new P1 children are invited to attend school one morning a week, for four weeks, to undertake a variety of activities. This will enable pupils to familiarise themselves with their teacher, classroom and classmates. This usually takes place at the end of May / beginning of June. Enrolment into Aldourie PS is usually in February and done online by visiting the Highland Council website.

https://www.highland.gov.uk/info/878/schools/11/school_enrolment

4. PLACING REQUESTS – PARENTAL CHOICE

Each school serves its own particular catchment area. Pupils whose homes are located in that area will have priority in being allocated a place in the school. However, parents have the right to specify the school in which they wish to place their child. Application must be made to the Area Care and Learning Manager Mrs Fiona Shearer, placing request forms can be obtained from

http://www.highland.gov.uk/info/878/schools/11/school_enrolment/2

Transportation to and from school, for placing request pupils, is a parental responsibility. If pupils live out with the school catchment area and their parents wish them to attend Aldourie Primary School they can phone, 01463 751272 to arrange a visit.

Parents of children with additional support needs, (including those that have Coordinated Support Plans) can make placing requests to any school in Scotland including schools outside of the local authority area they live in. All appeals about placing requests to special schools will be referred to the Additional Support Needs Tribunal.

5. SCHOOL MEALS

School meals are available at cost of £2.30. A summer and winter cyclic 4 week menu is issued. Parents are asked to co-operate by ensuring that dinner money and choice leaflets are brought regularly on Monday mornings.

From Jan 2022 children in P1-5 are eligible for free school meals and if the family receive certain benefits and/or have low income P5-7 children may also receive a free school meal.

Facilities are available for children to eat packed lunches in school. It should be noted that under Health & Safety regulations, glass bottles or containers are not permitted.

Our school meals are brought in by taxi from Holm PS, with good quality food, healthier meals, and more and better choices. If a pupil has special dietary needs, please inform the school. The arrangements for school meals, eligibility criteria for free school meals, how to apply can be found by following the link below.

https://www.highland.gov.uk/info/878/schools/9/school_meals

As a Health Promoting school we also encourage pupils, staff and parents to think about healthier lifestyles. Healthy living is a regular topic in classes. Staff take part in health promotion activities. We value all the activities that make up a healthy and happy community.

6. SCHOOL TRANSPORT

Children under the age of eight who live more than two miles from the school are entitled to free transport. Children aged eight and over are entitled to free transport if they live over three miles from school. Concessionary transport may be granted if there is room on the minibus. Forms are available online at Highland.goc.uk if you feel you are eligible for transport or online on the highland council website. Please note that transport is not a school responsibility and any queries should be addressed to the Transport Development Officer, Highland Council, Glenurquhart Road, Inverness, IV3 5NX, or public.transport@highland.gov.uk.

7. SCHOOL UNIFORM

School uniform is obtainable from :-

MyClothing Online Service

Schoolwear Made Easy, (unit 4, 5 Harbour Road, Inverness. Tel 222022.)

MacGregor Industrial Supplies

Sweatshirts and polo shirts with the school logo, along with waterproof jackets are available.

Parents are asked to provide shorts, T-shirts and gym shoes for P.E. and suitable clothing when the children are visiting various places. The children require indoor shoes (e.g. black slip-on gym shoes, indoor trainer etc) for use particularly during inclement weather.

8. ATTENDANCE

Good attendance is vital if pupils are to achieve their full potential. But if a pupil is absent from school, a parent or guardian should phone the school on the first day of absence, on the school number 01463 751272. When returning to school after an absence, the parent or guardian should give written reason for the time absent.

Permission to leave during the school day:

If a pupil needs to leave during the school day for an appointment etc, pupils need to bring with them a note from parent or guardian. Pupils must report to the school reception and 'sign out', if returning the same day, they must report again to the reception and sign in. Where at all possible, medical and dental appointments should be made out with school hours.

If pupils fall ill during the day:

If a pupil falls ill during the day, parents are contacted for them to collect their child, therefore it is essential that we have up to date day time contact numbers and emergency contact numbers for all pupils.

Schools are required to keep an attendance register by law. We have a responsibility for the care and welfare of all pupils during the school day therefore need to know the whereabouts of absent pupils.

When parents are considering whether or not to remove their children from school for a family holiday, they should be aware that such a decision:

- will result in a significant loss in classroom experience
- will result in a pressure to 'catch up' on missed work by pupils
- could result in pupils missing assessments with consequential impact on pupils and teachers
- could result in the loss of curricular activities
- will affect school attendance records and efforts to raise standards of attendance
- under the guidance issued at a national level, most family holidays will be coded as unauthorised absence, only in exceptional cases will the absence be recorded as authorised.

In conclusion, we would ask parents to be aware of these considerations when making decisions on planning holidays during term time. We have enclosed a link to the school term dates on the Highland Council website to aid parents in planning any holidays they may be considering.

https://www.highland.gov.uk/info/878/schools/32/school_term_dates

If parents decide to make holiday arrangements during school term, this should be confirmed in writing to the Head Teacher.

9. EDUCATIONAL AIMS

Aldourie Primary School is an Equal Opportunities School, which aims to provide an educational environment suitable to the needs and abilities of each child. Our curriculum aims to ensure that all children develop the knowledge, skills and attributes they will need if they are to flourish in life, learning and work, now and in the future, and to appreciate their place in the world.

“Aldourie PS provides stimulating learning experiences which allow each pupil to achieve their full potential in a caring and secure environment.”

Our Core values are Compassion Integrity Respect

Which are underpinned by our school motto

‘Little by little a little becomes a lot’

The four capacities encapsulate the purpose of the curriculum and look like this in Aldourie PS.

Successful learners

We aim to encourage a progressive development of skills and learning:

using a variety of teaching methods which ensure appropriate pace of learning through an inter disciplinary approach focusing on numeracy, literacy and health and well being

by fostering positive attitudes to learning

We aim to maximise standards of attainment through:

an ethos of achievement and meeting pupils’ needs

regular monitoring of progress and achievement

working alongside partner agencies to meet the needs of the child

We aim to ensure Staff Development:

through the Continued Professional Development programme of training through liaison with local Primary Schools and Inverness Royal Academy ensuring staff development and review arrangements are implemented

Confident individuals

Aldourie primary aims to provide a caring, purposeful environment:

allowing children to learn in a relaxed, secure atmosphere
offering equal opportunities for all
ensuring inclusion for all children
establishing a Dyslexia friendly school

We aim to provide a balanced curriculum:

based on Curriculum for Excellence outcomes and experiences
ensuring Health Promoting awareness and involvement in physical activities
matching the needs and abilities of the individual child

Responsible citizens

We aim to encourage in our children:

Self-discipline and self-respect
tolerance and respect for the differences in others
regard for the environment and understanding of citizenship
ability to make informed choices and develop balanced views

Effective contributors

We aim to encourage in our children:

communication and thinking skills along with an enterprising attitude
creative, problem solving approaches using collaborative working strategies.

10. THE CURRICULUM

The curriculum aims to develop the “whole” pupil encouraging both mental and social development. We aim to provide a curriculum based on Curriculum for Excellence outcomes.

The curriculum consists of:

Expressive arts

Languages and literacy

Health and wellbeing

Mathematics and numeracy

Religious and moral education

Sciences

Social studies

Technologies

The learning environment

As a small rural school we are able to listen to children, getting to them well. We can tailor their learning to accommodate their interests.

Teachers are responsible for providing a caring, supportive and stimulating learning environment in which all children are helped to reach their emotional and academic potential.

Children learn best when they feel safe to take on challenges, are interested and motivated and feel valued. We recognise the importance of building positive self-esteem in children

The essentials of positive self-esteem:

Belonging: each child has a contribution to make, we value and encourage these

Aspirations: every pupil is encouraged to work towards their achievable goal.

Safety: Consistency in expectations and standards help pupils feel safe. Clear boundaries are set and good behaviour recognised and rewarded through Star of the week awards, class dojo points.

Identity: a sense of self-knowledge is supported by the belief that individuality is not threatened by undue pressure to conform. We respect difference and encourage children to learn from and thrive within our community

Challenge: acquiring coping strategies are an important part of development and learning. Children are taught to take risks and learn through mistakes

Success: teachers reinforce success and build an environment where risks can be taken.

Learning Journey

Teachers are responsible for the planning, preparation and delivery of opportunities which enable learners, in relation to their starting points, to achieve high standards. This requires a thorough knowledge of each individual in the class (prior attainment, targets, learning needs- IEPs, language stage, cultural backgrounds and interests) it also requires very good subject knowledge with effective planning and stimulating use of strategies, resources and personnel to enable all pupils to learn effectively. Teachers are expected to create a secure and friendly environment in which high levels of good behaviour are maintained. Our aim as teachers is to enable learners to thrive, enjoy and develop the skills and capacity to work independently and collaboratively making good progress in all aspects of their learning. As a

staff, we consider teaching style, environment, rules and expectations of behaviour to ensure that every child is feeling confident, happy and secure.

Recognising and celebrating success through assemblies, displays and performances is very important at Aldourie PS. We ensure that there is a broad range of opportunities for everyone to shine and include opportunities for outdoor learning, performing at Eden Court music festival, Skiing, learning modern languages including French (P1-7) and Gaelic (P4-7), and trips related to ongoing school topics. We also encourage children to take part in Enterprise projects where they develop their skills for learning, life and work. Children are grouped according to the aims of the lessons. For literacy and maths this is sometimes by academic ability, however throughout the day it may be mixed ability, by gender or friendships especially as we have multi- multi composite classes. Activities are differentiated to meet learning needs.

Assessment and reporting

As a school, assessment lies at the heart of the process of promoting children's learning. It provides a framework within which educational objectives may be set and children's progress expressed and monitored. We seek to provide information in partnership with pupils, parents and staff to assist in the effectiveness of learning and teaching process and in raising attainment.

Teachers will use the assessment process as an evaluative, diagnostic and formative tool to provide evidence of pupil attainment and progress and to inform learning and teaching approaches and pupil targets.

Pupils should view the assessment process as a motivating experience which takes place within the overall context of a supportive school. Pupils should make use of feedback, in all its forms to inform next steps for the improvement of their own learning.

Parents will receive feedback on their son or daughter's progress through pupil reports, progress checks, and target setting information.

Pupils will reflect on their progress, achievement and best work on their profiles.

Our assessment procedures are free from bias, stereotyping and generalisation in respect of gender, class, race and disability.

Assessment Principles

Using the principles and processes of assessment, we aim to:

- monitor progress and support learning
- recognise the achievements of pupils
- guide future planning, teaching and curriculum development
- inform parents and the wider community of pupil achievement
- provide information to ensure continuity when the pupil changes school or year group
- comply with statutory requirements including Scottish National Standardised Assessments

Progress

Parents wishing to enquire about a pupil's progress are invited to get in touch with class teachers or the headteacher.

Further information on assessment can be found here:

<https://education.gov.scot/parentzone/learning-in-scotland/assessment-and-achievement>

More information regarding Curriculum for Excellence can be found on this website - www.ltscotland.co.uk

11. HOMEWORK

Research has shown that the completion of homework has a very positive and significant effect on children's achievement and beds down positive learning habits for life- long learning.

It allows consolidation of work done in school

It allows for children to prepare for the work to come

It provides structured opportunities for parental involvement and support

It provides information for parents about the on-going work of the class

It encourages the children to develop a sense of ownership and responsibility for learning

It develops good habits of independence and self-discipline in learning

Homework/reading diaries

To help both the parent and the child to focus on the homework, the Primary 1-3 pupils are given a diary with the homework noted inside by the teacher. Primary 4-7 also have a diary which they usually fill in themselves. The diary can be used by both parent and teacher to pass on any comments about the homework or other aspects of school life.

Reading

At the early stages it is appreciated if the parents read the story, discuss the pictures, the main characters and ask the child to anticipate what might happen next. The children will usually also have words to learn. Sometimes, children may be asked to read the next chapter/s in a short text as they become more able readers.

The infant classes use 'Jolly Phonics' for the introduction of initial sounds. This approach ensures all learning styles are included. (Visual, auditory and kinaesthetic). All pupils are encouraged to read a variety of books and there is a well-stocked school library. P4-7 pupils are encouraged to have a personal novel which they should read at least twice a week. They are asked to give a short resume of what they have read to their classmates as part of listening and talking. Children can choose books from the Mobile Library, which calls at the school every three weeks on Wednesday mornings and parents are advised of the dates in the newsletter. Pupils can take up to four books home to read.

Spelling

Pupils are given out spelling words to learn over the week. Often they will be words with a common letter pattern but they will also learn to spell basic common words.

Other language homework

The children may be asked to complete other language homework based on work being taught in the class e.g. aspects of grammar, crosswords or French vocabulary. P4-7 pupils will be asked each term to prepare a short talk to present to classmates.

Maths homework

At all stages from P1-7 there will be maths activities to complete. These tasks are directly linked to maths being taught in school and often require parents to play a game or

undertake an activity with the child. Number bonds (early stages) and times tables (P3-7) are also given as homework to be reinforced at home. At times problem solving activities (P4-7) are sent home to reinforce strategies learnt in school.

Instrumental Tuition homework

P4-7 Pupils who receive weekly Chanter tuition should practise regularly.

If a child begins to fall behind his/her group or does not complete given work in school they may be given work home to catch up but this should only be on the odd occasion and if there are any ongoing problems with this, the class teacher will contact the parents to try to resolve the situation.

Where should children do their homework?

Individual children have their preferences, but in general the following conditions are thought best:

In a warm, well lit area of the house.

On a flat surface, preferably a table/desk for all written activities.

For reading find a comfortable chair.

Away from distractions like TV, pets or other family members who are not involved in the homework.

Time allocation for homework

The following is a guide for time that should be spent on homework averaging out per night:

Primary 1 and 2 – up to 10 minutes a night

Primary 3 and 4 – up to 15 minutes a night

Primary 5, 6 and 7 – up to 20 minutes a night (novel reading)

Checklist for parents

Supervise the homework, discuss it with your child and encourage them to do the best they can.

Help your child to organise his/her homework into a little a night rather than the whole lot in one night.

If your child fails regularly to hand in her/his homework without a genuine excuse, we will enlist your support in ensuring that the homework is completed in future. Pupils are welcome to complete homework in school during playtime/lunchtime.

Suggestions on how parents can help their children at home, is discussed at parents' evenings and is included in the summer pupil progress and report for parents.

12. RELIGIOUS AND MORAL EDUCATION

Religious and Moral Education is an integral part of the curriculum and seeks to encourage a Christian approach to everyday living. All faiths will be taught to develop knowledge and understanding of what others believe.

RELIGIOUS OBSERVANCE

Special arrangements will be made for pupils whose parents do not wish them to participate in religious observance and requests should be made in writing to the Headteacher.

13. EXTRA CURRICULAR ACTIVITIES

We hold our annual school sports in June often with our cluster school. Our sports co-ordinator also helps to arrange sporting activities during holiday times and after school. Swimming instruction is offered to P1-P7 during summer term at Inverness Aquadome. The whole school undertake day trips as part of their topic work. Permission for these outings is requested from parents at the start of the session. Whenever children are going on a trip an information sheet is issued to parents. The costs of trips are met by school budget, parents, Parent Council and School Fund. P7 pupils take part in a week long residential trip to Loch Insh along with P7s from Foyers Primary and sometimes other schools from Inverness.

14. ADDITIONAL SUPPORT NEEDS

All children need support to help them learn. Some children require more help than others do. We follow The Highland Practice Model staged approach to assessing, identifying and supporting additional support needs. In this model every child has a 'named person' who is responsible for making sure that the child or young person has the right help to support his/her development and well-being.

Class teachers, in conjunction with Additional Support Needs Teachers monitor the progress of pupils with additional support. The needs of such pupils are generally catered for within the normal curriculum but with specialist advice and support as required. If necessary, a child's plan may be put in place to help plan, organise, monitor and regularly review a child's progress. Parents and pupils will be involved in these procedures and in reviews. More information can be found about the Highland Council model for support and child's plans at: http://www.highland.gov.uk/downloads/file/230/highland_practice_model_-_delivering_additional_support_for_learners
http://www.highland.gov.uk/download/downloads/id/11/co-ordinated_support_plan

Sometimes a Children's Service Worker will be involved in supporting a child. A Children's Service Worker will generally focus on more social and emotional needs rather than issues about the curriculum or classroom learning. They:

- work in collaboration with the support team in school
- work to support families in their own communities
- work with individual pupils and small groups - offering a further level of support

Parents/Carers will always be involved in discussions about any additional support being suggested for their child and any need that may be identified within the school.

Highland Council would seek to work in partnership with parents at all times, but sometimes you will have a concern that you do not feel is being addressed, or will want to talk to someone out with the school. Should you have any concerns that your child's additional needs are not being met, you should contact your child's named person in the first instance and/or the Head Teacher. If your concerns continue, there are a number of means of resolving difficulties and disputes and information on this can be found at:

https://www.highland.gov.uk/info/886/schools_additional_support_needs/1/support_for_learners

Further support and guidance can be found here through the links below.

Enquire – the Scottish advice and information service for additional support for learning
<http://enquire.org.uk/>

Ongoing support arrangements for pupils including pastoral support arrangements can be found at <http://forhighlandschildren.org/>

My Rights, My Say – an advocacy and advice service for young people over 12 with additional support needs <http://enquire.org.uk/myrightsmysay/>
Scottish Independent Advocacy Alliance, an advocacy service to support parents and children <https://www.siaa.org.uk/>

Scottish Child Law Centre, an organisation providing free legal advice to young people
<https://sclc.org.uk/>

Highland Council Anti- bullying guidance –
https://www.highland.gov.uk/downloads/file/19358/anti_bullying_-_guidance_for_schools

15. Equality and Inclusion

For up-to-date information please see:

http://www.highland.gov.uk/info/751/equality_diversity_and_citizenship/313/equal_opportunities

In summary, our activities in school should ensure that we:

Eliminate unlawful discrimination, advance equality of opportunity, promote good relations. Activities should not discriminate against any of the following ‘protected characteristics’ age, disability, race, religion or belief, sex, sexual orientation, gender reassignment, pregnancy and maternity.

16. MILITARY FAMILIES

Our school welcomes and supports families, their children and young people from Forces families: serving, veteran and reservists.

We understand some of the challenges that mobility of service life can bring and we look forward to working with you to ensure a smooth transition for your child/young person coming into or moving on from our school. Please get in touch with us as soon as you can so we can work with you to ensure the transition is as smooth as possible.

Highland Council have proudly committed to the Armed Forces Covenant and as such support our veteran and reservist families as well as those currently serving. There is a dedicated Highland Council Military Liaison Group (MLG) which has been formed to promote and ensure equality and equity for your children and young people in their education.

Visit the Highland Council Armed Forces Website for lots of helpful information and support https://www.highland.gov.uk/info/886/schools_-_additional_support_needs/833/armed_forces_-_support_for_families_and_schools

Please get in touch with your child's Head Teacher if you have any concerns.

17. Protection of Children

From time to time incidents can occur within the school setting which cause concern and could indicate that a pupil is suffering some form of abuse.

In terms of Highland Child Protection Committee Inter-agency Protection Guidelines, Education Service staff must report such incidents to Social Work Services which can lead to a joint Social Work/Police investigation.

All agencies involved in Child Protection are obliged to make the welfare of children their paramount consideration and this will be the priority for Education Service staff.

COPIES OF CHILD PROTECTION POLICY GUIDELINES are available online at

http://www.highland.gov.uk/info/1361/childcare_and_family_care/438/child_protection

18. INVOLVING PARENTS/GUARDIANS/CARERS AS PARTNERS and PARENT COUNCIL

The ongoing pandemic has affected the way in which we are able to engage with parents. For the latest information, please contact the school.

We believe that much of the strength of the school lies in the positive relationships between staff, pupils and their parents. These relationships must be nurtured by a healthy exchange of information between teachers and pupils, between home and school. We always welcome parental interest in the welfare of our pupils. Whatever the nature of the issue, you can be assured of our help.

The school works very hard to keep parents informed regarding their child's progress and any key decisions being made about their education. This includes:

- Parents' evenings
- Progress checks
- Target Setting
- Curriculum events

The support of parents in their children's education is key to the success of young people. Taking time with them, discussing work, practicing language, helping them manage their homework and encouraging responsibility are important ways of supporting children's learning. There is a regular school newsletter, which is emailed to parents. If you require a paper copy please let us know. This will also have the latest information for parents.

The school always seek to involve parents in any key decisions about their child's education and keep parents informed about progress.

Parental information is obtained from questionnaires issued and discussion with the Parent Council and informal discussion with parents.

Useful information for parents and how to get involved in your child's education, how to support the school, information on curriculum developments can all be found at Parentzone: <https://education.gov.scot/parentzone/>

PARENT COUNCIL

We have an active Parent Council which supports the school through fundraising and holding social events. They have been proactive in helping to achieve the improvements to the accommodation. They hold regular meetings and if you wish an item put on the agenda please get in touch with the Chairperson. Minutes of meetings are sent out to parents by email. To get in touch with the Parent Council parents can contact the chairperson by emailing : aldourie.primary@highlandpc.co.uk

Chair person Chris Gherke

Secretary Danielle Farley

Treasurer Vacant

19. PARENTAL CONCERNS/COMPLAINTS PROCEDURE

If a parent has any concerns they should contact the Head Teacher in the first instance. The school will always endeavour to resolve issues by listening to parents and seeking solutions in partnership. Complaints will be responded to within 48 hours. All complaints will be listened to but in the case of more serious complaints notes taken with specific details which will be agreed at the end of the meeting. The HT will then investigate the complaint which may take time depending on the nature of the complaint. Everyone who needs to know about the complaint will be informed but all discussions must remain confidential. Once evidence has been collated and the investigation is completed we will seek to resolve the issue. The HT will meet with the complainant to convey the decision and discuss options for resolving the issue. Depending on the seriousness of the complaint, the HT might ask for assistance from Highland Council managers to plan and manage this process. The school may seek feedback on the school's handling of the complaint. A form will be sent out to get feedback with the following questions.

How well did you feel we listened to you?

How comfortable did you feel about approaching the Headteacher, or other school representatives?

How happy did you feel with how we resolved the issue?

Do you think there is anything that we can do to improve our system?

Other comments?

Parent may also wish to use this link to Parentline: <https://www.children1st.org.uk/help-for-families/parentline-scotland/>

Should a situation not be resolved, parents can contact the Area Education and Learning Manager, Mrs Fiona Shearer. Fiona.Shearer@highland.gov.uk.

Please note that transport is not a school responsibility and any queries should be addressed to the Transport Development Officer, Highland Council, Glenurquhart Road, Inverness, IV3 5NX, or public.transport@highland.gov.uk.

20. ACCESS TO PUPIL RECORDS

The Pupils' Educational Records (Scotland) Regulations 2003 extend to parents the right of access (with certain specific exceptions) to any record held by the Authority in relation to their child. Parents may make application to the Head Teacher.

Data Protection Legislation

Information on pupils, parent and guardians is stored on a computer system and may be used for teaching, registration, assessment and other administrative duties. The information is protected by data protection legislation and may only be disclosed in accordance with the codes of practice.

Transferring Educational data about pupils

The Scottish Government and its partners collect and use information about pupils through the *Pupil Census* to help to improve education across Scotland. This note explains why we need this information, how we use it and what we do to protect the information supplied to us. Further information can be obtained from <http://www.gov.scot/Topics/Statistics/ScotXed>.

Data about pupil preferred routes, preferred occupations and anticipated school leaving date is also collected from S3/S4 to support planning for leaving school. This information is shared with Skills Development Scotland. Further information about 16+ Data can be found here:

<http://hi-hope.org/directory/listing/16plus-planning>

Data policy

Information about pupils' education is collected through our statistical surveys in partnership between the Scottish Government and Local Authorities through the ScotXed Programme which aims to help schools and Local Authorities by supporting efficient collection, processing and dissemination of statistical information. The Scottish Government then provides analysis of the data to support research, planning, management and monitoring of education services as well as to produce National Statistics publications. Education data within Scottish Government is managed effectively by secure systems and is exploited as a valuable corporate resource, subject to confidentiality restraints. As part of its data policy, Scottish Government will not publish or make publicly available any information that allows individual pupils to be identified, nor will data be used by Scottish Government to take any actions in respect of individuals. Data is held securely and no information on individual pupils can or would be made publicly available by Scottish Government.

The individual data collected by Scottish Government through the Pupil Census is used for statistical and research purposes only.

Information on why we collect data about pupils and who we share this data with can be found in Highland Council's Privacy Notice which is available here:

https://www.highland.gov.uk/directory_record/1095920/enrol_your_child_at_a_school

Why do we need your data?

In order to make the best decisions about how to improve our education service, Scottish Government, education authorities and other partners such as the SQA and Skills Development Scotland need accurate, up-to-date data about our pupils. We are keen to help all our pupils do well in all aspects of school life and achieve better examination results. Accurate and up-to-date data allows us to:

- plan and deliver better policies for the benefit of all pupils
- plan and deliver better policies for the benefit of specific groups of pupils
- better understand some of the factors which influence pupil attainment and achievement
- share good practice
- target resources better
- enhance the quality of research to improve the lives of young people in Scotland

Your data protection rights

The collection, transfer, processing and sharing of ScotXed data is done in accordance with data protection legislation. We also comply with the National Statistics Code of Practice requirements and other legislation related to safeguarding the confidentiality of data. Data protection legislation gives you the right to know how we will use your data. This note can give only a brief description of how we use data. Fuller details of each individual ScotXed survey, including the purpose of each and the published data, can be found on the ScotXed website

<http://www.gov.scot/Topics/Statistics/ScotXed/SchoolEducation>

Scottish Government works with a range of partners including Education Scotland, Skills Development Scotland and the SQA. On occasion, in order to help meet our aim of improving the life of young people in Scotland, we may make individual data available to partners such as the National Registers of Scotland to carry out research relating to the national population census and also academic institutions and organisations to carry out additional research and statistical analysis to meet their own official responsibilities. Any sharing of data will be done under the strict control of Scottish Government, and will be consistent with our data policy. This will ensure that no individual level data will be made public as a result of the data sharing and that these data will not be used to take any actions in respect of an individual. Decisions on the sharing of data will be taken in consultation with relevant colleagues and individuals within and outwith Scottish Government. At all times pupils' rights under the Data Protection Act and other relevant legislation will be ensured.

Concerns

If you have any concerns about the ScotXed data collections you can email the Head of Schools Analysis at ScotXed@scotland.gsi.gov.uk or write to The ScotXed Support Office, Area 2D, Victoria Quay, Leith, EH6 6QQ. Alternative versions of this page are available, on request from the ScotXed Support Office, in other languages, audio tape, Braille and large print.

21. HEALTH CARE

The school nurse carries out a variety of short assessments with all new entrants during their first year and parents are invited to attend. She also visits the school at regular intervals and is always pleased to discuss with parents' matters which affect children's health and welfare.

The school dentist visits the school annually to examine P1 and P7 children's teeth. Individual results are reported back to parents. As part of our Health and Wellbeing programme, all pupils brush their teeth in the afternoon. Parental permission must be granted for this. Also, every 6 months' pupils can have fluoride varnish applied to their teeth if parents give permission.

ADMINISTRATION OF MEDICINES

National Guidance on the Administration of Medicines in Schools has been issued by the Scottish Government.

<https://www.gov.scot/publications/supporting-children-young-people-healthcare-needs-schools/>

This guidance is based on a number of common principles that will be consistently applied when identifying, supporting and reviewing the healthcare needs of children and young people in Highland schools to enable them to make the most of their learning.

Under Article 24 of the United Nations Convention on the Rights of the Child, all children have a right to the highest attainable standard of health and to health care services that help them attain this. Article 7 of the United Nations Convention on the Rights of Persons with Disabilities states that children with disabilities have the right to express their views freely on all matters affecting them. The arrangements for each individual will therefore take account of the health professionals' advice, the pupil's views and, where appropriate, their parent's views.

NHS Highland, Highland Council and school staff will work collaboratively to ensure that pupils receive the service they need in the way most appropriate to their personal circumstances.

We will work with pupils and parents/carers to support the healthcare in our school, making reasonable adjustments that children and young people with healthcare needs might need and require.

Where appropriate, we will make arrangements for staff providing healthcare to pupils to receive appropriate training from a health professional, or other accredited source in the care they are providing.

Assistance with intimate care may be needed by children in any school and this will be provided if required to support these needs quickly and with respect for children's privacy, dignity and rights.

If your child requires medication, please note that this will only be administered by staff when there is clear written guidance from a parent/carer, providing:

The name of the medicine, the quantity of the medicine to be given, the time it has to be given.

As far as possible prescriptive medication should be given at home by parents/carers. If it is required to be given in school, the medication should be unopen, clearly marked with the directions from the pharmacist and administered as part of an agreed medical protocol.

Minor injuries

School will only deal with minor cuts and bruises, these will be cleaned and a plaster applied. If your child is injured, falls or becomes unwell during the school day you or the emergency contact you have provided, will always be contacted and you may be advised to collect your child from school.

Mental Health and Wellbeing

Staff will support the emotional development and wellbeing of pupils through formal and informal curricular activities. Any concerns about a pupil's wellbeing can be discussed with the named person. School have access to Highland Council's Primary Mental Health Worker Service and consultation and advice may be sought if there are concerns that might require more targeted support. Parents would generally be involved in discussions beforehand, however a young person over the age of 12 can ask for support themselves.

22. BEHAVIOUR

School rules exist mainly to protect the child within the school environment. Courtesy to, and consideration for others, respect for property, integrity and a positive work ethic are the basic elements. These create an atmosphere conducive to sound learning and the development of self-discipline. Parents will be invited to discuss any behavioural problems which occur.

Children follow these "Golden Rules" in school:

- Do be gentle
- Do be kind and helpful
- Do work hard
- Do look after property
- Do listen to people
- Do be honest

These "Golden Rules" are reinforced during class time and at Assembly.

If children adhere to them they get 30 minutes of "Golden Time" one afternoon when they have a choice of activities.

Time is deducted from Golden Time for inappropriate behaviour during the week.

23. ADVERSE WEATHER

Schools now have a dial-in service if there is risk of closure due to adverse weather. Parents may call 0800 564 2272 to access your schools' information. Please note, you will need the unique pin number for Aldourie PS which is : **041350**

This allows parents to listen to a recorded message from the head teacher. It is an enhancement to the present service and does not replace existing methods of giving out information, such as radio broadcasts, described in the schools Adverse Weather Guidelines.

You can also access the highland school closure website on: for school closure information. <http://www.highland.gov.uk/schoolclosures>

24. TRANSFER TO SECONDARY SCHOOL

Pupils from Aldourie School transfer to Inverness Royal Academy for secondary education. As pupils reach the end of primary 7, efforts are made to ease the transition from primary to secondary education, through exchange visits involving both pupils and staff and information exchange between staffs. The Royal Academy also organises meetings for parents in January and also in June.

For further information contact:

INVERNESS ROYAL ACADEMY, Culduthel Rd, Inverness IV2 6RE.

Whilst the information in this handbook is considered to be true and correct at the date of publication, changes in circumstances after the time of publication may impact on the accuracy of the information.

APPENDIX A

SCHOOL HOLIDAY DATES 2022-2023

Dates may be subject to change

Autumn

- Autumn term starts – 16th August 2022
- Autumn term ends – 7th October 2022

Winter

- Winter term starts – 24th October 2022
- Winter term ends – 22nd December 2022

Spring

- Spring term starts – 9th January 2023
- Mid term break – 20th & 21st February 2023
- Spring term ends – 31st March 2023

Summer

- Summer term begins – 17th April 2023
- Summer term ends – 29th June 2023

Public holidays

- Good Friday – 7th April 2023
- Easter Monday – 10th April 2023
- May Day – 1st May 2023

In-service days

- 15th August 2022
- 12th September 2022
- 13th September 2022
- 22nd February 2023
- 5th June 2023

SCHOOL IMPROVEMENT PLAN SESSION 2021/22

Summary: Key School Improvement Priorities

This year, because of the ongoing pandemic, all schools in Highland are continuing to focus on certain key priorities as followings:

1. Health and wellbeing
2. Recovery of learning, teaching and assessment
3. Attainment in session 2020/21 (focusing on identifying new or widened gaps caused by the Covid-19 situation)

| Improvement Priority Title | What exactly are we going to do? |
|---|--|
| <p>Recovery from Covid-19 impact:</p> <ul style="list-style-type: none"> ➤ Health and wellbeing ➤ Recovery of learning, teaching and assessment ➤ Attainment in session 21/22 (focusing on identifying new or widened gaps caused by the Covid-19 situation) | <ul style="list-style-type: none"> ➤ Health and Wellbeing: Outdoor Learning Audit outdoor learning in school and increase understanding and purpose of outdoor learning. How it can be used across the curriculum to promote engagement in learning and attainment and promote HWB. ➤ Learning teaching in Reading: Reading Comprehension Skills. Examine reading resources and how we are teaching reading and comprehension skills. Develop a whole school reading policy. ➤ Parental Engagement: Supporting parents to understand where their child is at in their learning. Explore how we can improve our sharing of learning targets, and celebration of pupils' attainment and achievements, so that parents and children understand where they are in their learning and parents can better support their children to make progress. |

Improvement Priority Title

Recovery from Covid-19 impact

Linked to QIs/Themes

QI 1.3 QI 2.3 QI 3.2

Linked to National Improvement Framework Priority

- Improvement in attainment, particularly in literacy and numeracy ☒
- Closing the attainment gap between the most and least disadvantaged children and young people ☒
- Improvement in children and young people's health and wellbeing ☒
- Improvement in employability skills and sustained, positive school-leaver destinations for all young people ☐

Linked to National Improvement Drivers

School Leadership ☒ Teacher Professionalism ☒ Parental Engagement ☒ Assessment of Children's Progress ☒
School Improvement ☒ Performance Information ☒

Linked to Highland Council's 4 Key Service Action Plan Priorities

We will raise attainment and achievement for all, especially for those children from disadvantaged circumstances including rural deprivation ☒

We will maximise health and wellbeing for all children and young people to give them the best possible start in life ☒

We will ensure the highest quality of learning and teaching for each and every learner ☒

We will develop leadership skills at all levels of the system for now and the future ☒

What do we aim to improve for learners?

- Health and wellbeing post-Covid-19
- Recovery of learning, teaching and assessment (including new opportunities with digital learning revealed by the Covid-19 situation/remote learning)
- Attainment in session 21/22 (focusing on identifying new or widened gaps caused by the Covid-19 situation)

Measurable targets for success

- Establish targets for improvement based on initial surveys of children/young people and staff regarding how they are feeling, using the wellbeing indicators. Base targets on what appear to be the most vulnerable aspects of the wellbeing indicators.
- Establish baseline assessments using PM Benchmarks Reading (PEF and ASL pupils), HNP assessments, Big Writing and Standardised tests. Establish targets for improvement.
- Using data from last year from parents survey, establish targets regarding how well they understand their child's level of attainment. Re- survey parents at end of year.

What actions will we undertake?

Health and Wellbeing: Outdoor Learning

- Initial HWB screening (SHANARRI wheel) to set targets for pupils. Repeat termly and review through Learning Conversations
- Support use of outdoor learning. 6 CAT sessions allocated and INSET:
 1. to explore what outdoor learning is and research resources
 2. Create a rationale for our cluster schools
 3. Explore partnerships that we can develop in and our around our local communities
 4. Explore outdoor spaces around us and how they can best be used
 5. Where does outdoor learning fit in with our curriculum
 6. Resources – Orienteering/Forest Schools/Any training

Learning teaching in Reading: Reading Comprehension Skills

- Audit teaching and learning in reading
- Explore with staff reading curriculum and the teaching of comprehension.
- Staff Training on the Highland Epic 8 Strategies. 8 CAT sessions and INSET
 1. Audit pupil enjoyment/ understanding of what reading is for/ interests
 2. Support deeper parental engagement with reading and the use of the reading book. Share reading comprehension strategies and types of questions to ask their children about what they are reading. Parent Workshops
 3. Use PM benchmarks to support assessment for those with a particular reading deficit.

Parental Engagement: Supporting parents to understand where their child is at in their learning

- Use formative and summative assessment to support termly learning conversations with pupils. Set and record targets. Discuss how this can be recorded with children and parents.
- Use Learning Ladders as part of profiling process to develop understanding of attainment within a CfE level. Share with parents' term 1.
- Involve parents in digital literacy and numeracy workshops which will support parents to engage with their children's learning and feel more confident to do this.

Who will lead this?

Collegiate approach with HT and staff. Feb – June

1. End Feb 2022
2. End March 2022
3. End April 2022
4. End March 2022
5. End May 2022
6. End May 2022

HT training with CT/PSAs using Highland's Epic 8 strategies. Sept-March

HT with CTs help deliver parental workshops Nov – May

PM Assessments for target children Oct 2021/March 2022.

HT.

Share Learning ladders to parents at Novemebr parents interviews.

Develop use of pupil learning profile through the year with termly reviews – CT with pupils (Learning Conversations) / HT with CTs/ Pupils with parents.

Audit learning profiles using HC audit tool for profiling.

HT with CTs help deliver digital parental workshops in literacy and numeracy between Nov – May.

Set up goggle sites page for school to share information, and ongoing work in the classroom and school.

Expected resource needs (including costings if applicable)

PEF PSA hours to help deliver reading interventions

CT planning time to support reading interventions for targeted children.

Purchase wider range of reading genres for CfE end of first level and second level reading opportunities.

Online subscription for a reading platform eg Bug club or Reading Eggs to allow access to books through chromebooks so children will continue to read at home as well as at school.

How will we know if our measurable targets for success have been met and what evidence will we have to inform our next annual School Improvement Plan Report? How will the evidence be gathered?

- Establish targets for improvement based on initial surveys of children/young people and staff regarding how they are feeling, using the wellbeing indicators. Base targets on what appear to be the most vulnerable aspects of the wellbeing indicators. Use of the Shanarri wheel and Stirling Wellbeing Assessment for (P4-7). Look at the trends in children's health and wellbeing over the year being alert to interventions being needed each term. Look for improving trends within pupils' data of feeling included, respected, achieving and safe at school.
- Establish baseline assessments using PM Benchmarks Reading (PEF and ASL pupils), HNP assessments, Big Writing and Standardised tests. Establish targets for improvement. All children to improve two CfE * levels over the session or move up to being at least age and stage appropriate.
- Using data from last year from parents survey, establish targets regarding how well they understand their child's level of attainment. Re- survey parents at end of year. Look for improving trends of engagement from parents and greater involvement in supporting their child's learning and greater involvement in workshops.

Who will lead this monitoring and evaluation?
