

**THE HIGHLAND COUNCIL
PROPOSE TO CONSTRUCT 2 SETS OF SPEED CUSHIONS ON A949 EVELIX
ROAD AND ONE ROAD NARROWING AND UNCONTROLLED PEDESTRIAN
CROSSING POINT ON
U3357 SUTHERLAND ROAD, DORNOCH**

Statement of Reasons

In the interests of road safety and casualty reduction and in line with the new Scottish Government Commitment for all appropriate roads in built up areas to have a safer speed limit of 20 mph by 2025 and the furtherance of the Council desire to provide 20mph speed limits in town and village centres and residential areas, to encourage active and sustainable travel and improve the safety of our vulnerable road users it is proposed to introduce a 20mph speed limit on a number of roads in Dornoch. To meet current design guidance on the installation of a 20 mph speed limit traffic calming is required to ensure lower vehicle speeds on Evelix Road And Sutherland Road.
