- Grants for tenants groups
- Training costs
- Conference attendance
- Membership Costs to external organisations, e.g. TPAS, TIS
- Travel and subsistence expenses
- Free access to council venues for meetings
- Provision of refreshments for consultative meetings
- Tenant Newsletter and calendar
- Dedicated staff resources
- Venue hire and crèche costs
- Access to independent advice
- Assistance to organise events
- Staff time, including other services

This guidance covers **Grants for Tenant Groups** available from Housing & Property Service and includes the following sections:

Section 2 – Grants for Tenant Groups

Section 3 - Eligibility for Grants

Section 4 – Types of Grants

Section 5 – How to apply

A separate policy covering arrangements for individual out of pocket expenses is available as **Volunteer Expenses**.

### 2. Grants for Tenant Groups

The funding for **Grants for Tenant Groups** is provided from council house rents through the Housing Revenue Account.

**a) Grants are intended to promote and sustain any organised tenant group by provision of an annual administrative core funding grant to cover day to day running costs.**

**b) Occasional Project Grants** may be paid to individual groups or forums or area panels for the purpose of match funding any external funding or for a specific project which forms part of the Tenant Participation Action Plan, and these will be considered on a case by case basis.

c) Tenant Groups carry out a wide variety of tasks and undertake projects which can cost very significant amounts of money. It is recognised that many groups have gained skills and expertise in identifying and scoping a range of community projects and initiatives and have been successful in achieving a range of voluntary and charitable sector grant funding for projects which support and develop their communities. This policy does not cover this type of project funding.

d) The types of grant available within the scope of this guidance is detailed at section 4.
