2022/23

**EDINBANE PRIMARY SCHOOL**  
HIGHLAND COUNCIL | EDINBANE IV51 9PW

# Introduction: Local and National Context

## Ro-ràdh: Co-theacsa Ionadail agus Nàiseanta

This Standards and Quality Report is influenced by both Highland and national priorities. These can be summarised as follows:

### Highland Priorities

### National Improvement Framework Priorities

#### **Entitlement, Excellence & Equity:**

We will raise attainment and achievement for all, especially for children and young people from disadvantaged circumstances, including rural deprivation. We will focus relentlessly on improving standards and the quality of learning and teaching, to ensure that entitlement, equity and excellence are delivered across the system.

#### **Empowerment & Leadership:**

We will develop leadership skills at all levels of the system, for now and the future, building a culture of empowerment and professional capital.

#### **Relationships:**

We will maximise health and wellbeing for all children and young people, to give them the best possible start in life. We will ensure every child and young person feels part of the community they live in.

#### **Opportunity:**

We will maximise opportunities for our children and young people, and for the wider Highland community and its visitors, through the provision of high-quality services.

The key priorities outlined in the National Improvement Framework are:

- Placing the **human rights and needs of every child** and young person at the centre of education
- Improvement in children and young people's **health and wellbeing**
- **Closing the attainment gap** between the most and least disadvantaged children and young people
- Improvement in skills and **sustained, positive school-leaver destinations** for all young people
- **Improvement in attainment**, particularly in literacy and numeracy.

#### **Self-evaluation**

To support self-evaluation, quality indicators from the national evaluative framework How Good Is Our School?4 are referenced.

All	Almost all	Most	Majority	Less than half	Few
100%	91% - 99%	76% - 90%	51% - 75%	16% - 50%	Up to 15%

We are pleased to present our Standards and Quality Report for Session 2022-23. This report forms part of our quality improvement framework and provides important information regarding our school's progress to date and our next steps in school improvement.

**Self-Evaluation for Self-Improvement** is at the heart of our practice. We continue to develop our practice in making robust use of evidence as a basis for judgements regarding the impact of our work on our learners. All staff understand that self-evaluation is an integral aspect of our approach to continuous improvement through addressing the 3 key questions:

- **How well are we doing?**
- **How do we know?**
- **What are we going to do now?**

Throughout the year we continuously evaluate what we do and how it makes a difference to our learners. We want to know what is working well for our school community and what needs further improvement. We inform decision making and actions through a continuous process of looking inwards, outwards and forwards.

#### **Looking inwards - starts with those working with our children and young people**

We focus on the impact on outcomes for learners. Our self-evaluation processes triangulate information, data, people's views and observation of practice to measure impact and inform planning for improvement.

#### **Looking outwards - learning from others**

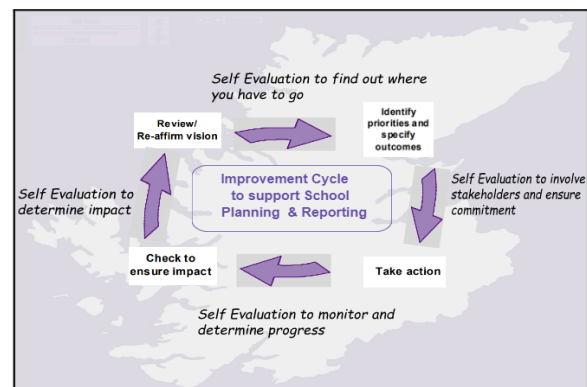

Looking to others for new ideas that challenge our practice and support continuous improvement allows us to learn from what works and what doesn't. This includes practice in other schools, learning communities and learning from educational research.

#### **Looking forwards - creating a vision and planning for implementation**

Through leadership at all levels, we anticipate challenges and explore creative solutions. This helps us to create an aspirational vision for our school which shapes our actions and provides a focus for improvement.

Our children and young people are actively consulted and involved in this process. We also give staff, parents/carers, and other partners the opportunity to participate in discussions and activities to shape our improvement journey.

When we develop our improvement plan, we use key questions at scheduled review times throughout the session to know how well we are progressing towards achieving these positive outcomes and changes.

Together we are working hard to ensure the Highlands is the best place for children and young people to grow up safely, learn, develop and achieve.

**With positive experiences, our children and young people will always see the Highlands as home.**

**Le eòlasan deimhinneach, bidh ar cloinn is ar n-òigridh daonnan a' faicinn na Gàidhealtachd mar dhachaigh.**

The following information can be found on [Parentzone Scotland](#). It is important to remember that statistical data alone is not a measure of how well we are doing. All schools are unique. To understand how well we are doing it is important for us to look at a range of different data sources.

Edinbane Primary School is a rural one teacher school located fourteen miles from Portree in the village of Edinbane in the north west of Skye. There is a strong sense of community in the village.

There are 9 children attending the school and 6 children in nursery, ranging from N3 - P7. The school has one multi-composite class with children from P1-7. There is a separate nursery for 3 to 5 year olds.

The headteacher has overall leadership responsibility for Macdiarmid Primary School, Edinbane Primary School and Knockbreck Primary School. The headteacher is supported by a principal teacher who is based at Macdiarmid Primary School. Staff and children from both schools work together regularly.

As the school roll comprises a small number of children, attainment and progress will be expressed in 'overall' statements, rather than specific year groups or Curriculum for Excellence levels. This is to ensure the identity of individuals is not disclosed.

Overall, attainment across the school in literacy and English and numeracy and mathematics is satisfactory. Children achieve appropriate CfE levels in literacy and numeracy and, across the school, a few children are exceeding nationally expected levels. Most children who face barriers to learning are making good progress towards meeting their individual targets.

Overall children are making the following progress:

**Reading**

Good progress

**Writing**

Satisfactory progress

**Listening and talking**

Good progress

**Numeracy**

Good progress

We have had no exclusions this year.
