Carr-Bridge Friday Club  

**Support in favour of Carr-Bridge Community Orchard**

Dear Sirs,

I am writing on behalf of Carr-Bridge Friday Club In support of the asset transfer request by Carr-Bridge Ahead for the site adjacent to the Carr-Bridge Playing Fields for the purposes of a Community Orchard.

As the organisers of the Friday Club (a club that does different activities with children from P3 to P7), we are advocating for this Asset transfer for this project to go ahead as it has been identified in 3 consecutive Community Action Plans first muted in 2011 and has prevailed as an aspiration into the most recent CAP 2022-2030 as a project primarily to promote Climate Consciousness.

We also perceive benefits of Physical and Mental wellbeing which are well documented in national and local policies and opportunities for social connections as our community grows

In addition to contributing to climate action, the Orchard Project will raise awareness of the important role played by local food production, increased biodiversity, and community cohesion through intergenerational and volunteer engagement.

The orchard will also provide a focus for the children from the Friday Club to get involved.

Yours sincerely

Dear Sirs

I am writing on behalf of the Highland Main Line Community Rail Partnership in support of the Carrbridge Community Orchard project

As an organization we like to support community projects in towns and villages along the Highland Main Line railway (between Perth and Inverness)

We see this as a project with the potential to improve mental wellbeing (something important as a railway organization promoting rail safety) social interaction welfare education and environmental benefits

We therefore expect to contribute in a small way towards the funding of this project.

Yours sincerely,
