Settlement Assessment

Quantity

There is a significant deficiency of open space in Kyle of Lochalsh. The open space which is available, is a mix of outdoor sports facilities and amenity green space however there are a number of access opportunities to the wider outdoors and the open spaces which are available are flexible in their use.

Accessibility

The majority of dwellings have opportunities to access the open space availability in the town. There are also good links to the wider countryside for access. There is limited access to the outdoor sports facility at the leisure centre due to the limited crossing opportunities of the railway.
