The document lays out in draft form a Local Place Plan (LPP) for the Gairloch Area. The plan has been prepared by local people to lay out a vision for the Gairloch area, shaped by input from the whole community. The plan focusses on how development happens in our place, and how the use of land and buildings should be enabled or regulated. Our hope is that it provides workable solutions to make the Gairloch area function well, improve our wellbeing, and make it an even better place to live.

The main goal of the LPP is to influence the statutory document that controls development and the use of land and buildings in in our area, which is called the Local Development Plan (LDP). The next Local Development Plan for Highland Council is currently being prepared. We want to put forward our ideas and vision as that plan is shaped. And we want to invite you to offer your feedback to our plan.

3. Information as to how and to whom any representations on the content of the proposed Local Place Plan should be made and the date by which they should be made.

If you have comments on our proposed Local Place Plan, please email submit them via our [online survey form](#) or email erin@pas.org.uk.

The deadline for comments is **Midnight on Wednesday 16 October 2024.**
