

Road Safety Targets

In order to achieve this vision the framework sets out the following new Scottish Road Safety Targets:-

Target	2015 milestone % reduction	2020 target % reduction
People Killed	30	40
People seriously injured	43	55
Children (aged <16) killed	35	50
Children (aged<16) seriously injured	50	65
In addition Scotland will continue with the previous 10% reduction target in the slight casualty rate to 2020.		

(Targets based on the 2004 to 2008 average)

This equates to the following provisional targets for Highland Council:-

Target	2004 to 08 Average (people)	2015 Milestone (people)	2020 Target (people)
People Killed	28	20	17
People seriously injured	160	91	72
Children (aged <16) killed	2	1	1
Children (aged<16) seriously injured	12	6	4
