

NOTICE OF UNACCOMPANIED SITE INSPECTIONS FOR THE SUTHERLAND LOCAL PLAN EXAMINATION

This is to give notice that the Appointed Reporters undertaking the Examination for The Sutherland Local Plan will be carrying out unaccompanied site inspections within the local plan area as indicated below:

Mrs Allison Coard will be carrying out site inspections in the North and West Sutherland areas including Lairg during September 2009

Mr Richard Dent will be carrying out site inspections in the East and Central Sutherland areas including Edderton during September 2009.

The purpose of the unaccompanied site inspections is to acquaint the Reporters with the location and surroundings of those sites which are the subject of unresolved representations, and to allow them to note any relevant features which have been referred to in the submissions. Neither those who submitted the representations, nor representatives of the council, have been invited to accompany the Reporters. In the event that a Reporter requires to undertake a further site inspection on an accompanied basis, or to seek further information, the relevant parties will be informed of the arrangements in writing.
