

River Ness Flood Alleviation works start in Inverness

Work started on Phase 1 of the River Ness Flood Alleviation Scheme in August 2013 with the off-site construction of the River Ness Flood Team offices at Lotland Street. Work to date has included site clearance at Ness Bridge, Glebe Street and drainage works on Fraser Street.

Bank Street Works

From Monday 16 September at 7am until 29 November 2013, Bank Street will be closed to all through traffic. Access to Fraser Street via Bank Street will be for authorised vehicles only. Full traffic management will be in place during this period.

Huntly Street

From 7am on the 16 September the one-way system between Young Street and Greig Street will be permanently reversed as traffic lights at the Young Street/Huntly Street junction will be switched off. Greig Street from Huntly Street to King Street will also become one-way.

Local Business News

On Tuesday 27 August at the Mercure Hotel, Morgan Sindall presented a bulletin of key works at an event hosted by The Highland Council Flood Alleviation team and Mike Smith from BID. A similar event is being hosted for businesses on the West side of the River Ness at The Inverness Methodist Church on Thursday 12 September at 10am.

Christmas 2013

Careful consideration has been given in the programme of works to minimise the disruption to businesses and shoppers, in the run-up to Christmas. On the 29 November Bank Street will re-open to the public and Huntly Street will be open as normal for business between Ness Bridge and Greig Street.

Kessock Bridge Works

Bank Street will remain open to traffic during the second phase of resurfacing of the Kessock Bridge which will re-start between February and July 2014.
